Chapter 7 – Election Period Policy

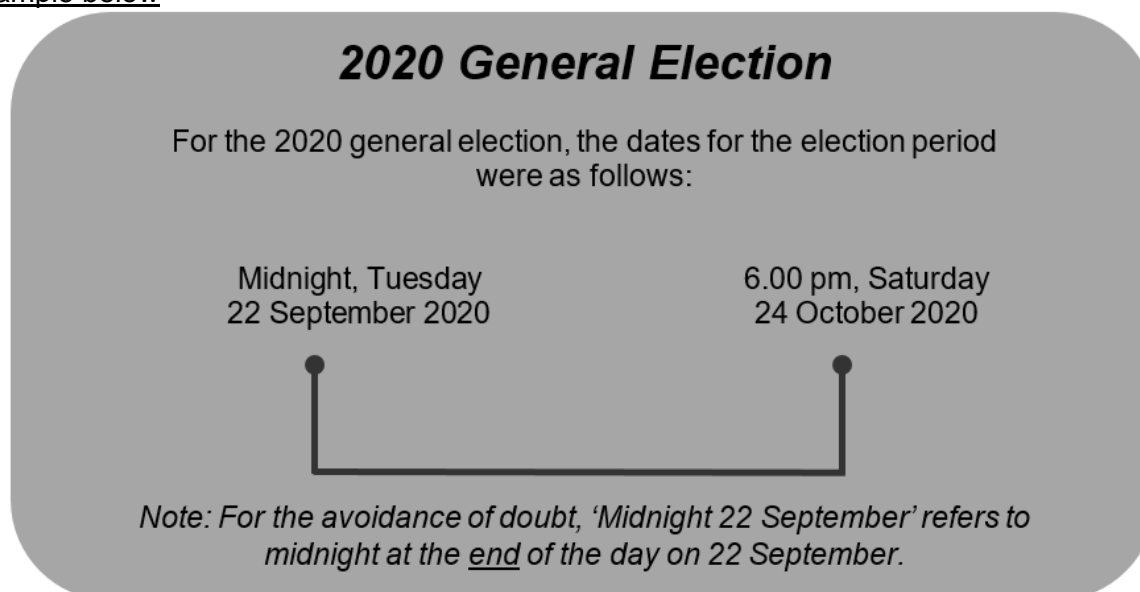

ELECTION PERIOD POLICY

Version:	2
Business Unit:	Corporate Services
Responsible Officer:	Team Leader Governance
Adopted By:	Council on 20 September 2022
Next Review:	Within 12 months prior to a General Election

1. PURPOSE

Greater Shepparton City Council (**Council**) is committed to implementing clear and transparent caretaker provisions during election periods. This Policy will apply to the election period prior to a general election or by-election. The Chief Executive Officer (**CEO**) or the Governance team will advise all Councillors and staff of the commencement date for any election period applying to Council. The election period commences at midnight on the last day for nominations and ends at 6.00pm on election day

Example below

2. OBJECTIVE

The will of the people, expressed through democratic elections, is the cornerstone of democracy at all levels of government, including local government. A guiding principle of the exercising of this free will is that outgoing governments must safeguard the authority of incoming governments. This principle is applied through the implementation of a caretaker period prior to an election. During a caretaker period, an outgoing government shall not make any decisions which could be considered to unreasonably bind an incoming government.

Unlike other levels of government in Australia, where caretaker provisions are established by convention rather than law, the *Local Government Act 2020* (**the Act**) requires councils to

comply with special arrangements during council elections to ensure the probity of the election process. These include statutory requirements relating to decision-making and the use of council resources.

While these statutory requirements establish limits on what a council may and may not do, they represent the minimum caretaker provisions which a Council must apply and they do not address the ways in which a Council could or should modify its usual actions and processes during an election period.

3. SCOPE

This Policy details the caretaker provisions which are to be followed by all Councillors and Council Officers during an election period. Councillors and Council Officers need to be aware that severe penalties apply to breaches of the Act during the election period. Familiarity and compliance with the provisions detailed in this Policy will significantly reduce the risk of an unintentional breach of the Act and give the community confidence that Council is acting in an ethical manner during the election period.

- the *Local Government Act 2020*; and
- section 223 of the *Local Government Act 1989*.

Consultation on major strategy or policy issues, or that which invites submissions, will not occur, or, if already commenced, will be suspended, during the election period.

5.5. Small Town Catch Ups / Community Information Sessions

Council will not schedule any 'Mayor and CEO Small Town Catch Ups' during the election period.

Where community information sessions are required and cannot be postponed, only Council Officers will be in attendance.

5.6. Media

Council will not broadcast or participate in any regular television or radio program or publish its regular newspaper or newsletter updates during the election period.

The following exceptions may be applied by the CEO or Director Corporate Services:

- advertising commissioned and approved by the election manager, for the purpose of informing electors about the election process;
- advertising critical to Council business, to the extent that it cannot be promoted prior to the commencement of the election period, or cannot reasonable be postponed, and does not contain election material; and
- as required and approved by the CEO or Director Corporate Services in response to an emergency.

All advertising, apart from that commissioned by the election manager, must be approved by the CEO or Director Corporate Services.

5.6.1. Media Interviews

Councillors will not participate in media interviews in their capacity as a Councillor during the election period.

Councillors may participate in media interviews in their capacity as a candidate or a private citizen, but must take care to advise the media that they are speaking to them as an individual and not on behalf of Council, or in their capacity as a Councillor. This disclaimer must be made even when a Councillor believes that a media interview will not be published or broadcast as part of the interview or story.

Council Officers may only participate in media interviews during the election period on operational matters and with the permission of the CEO or Director Corporate Services.

All media interviews are to be coordinated by Council's Marketing and Communications Team.

5.7. Public Notices and Advertising

Regular advertising, including tenders and public notices, will be postponed until after, and suspended during, the election period where possible.

The CEO or Director Corporate Services may authorise the publishing of some public notices after having regard to the following matters:

- whether the notice is required by legislation;
- whether the matter can reasonably be deferred until after the election period; and
- whether the advertisement contains any electoral matter.

Advertising for the purpose of recruitment is permitted during the election period.

5.8. Social Media

Councillors and Council Officers will not engage in social media in their capacity as Councillors and Council Officers during the election period, except with the prior approval of the CEO or Director Corporate Services.

Councillors will not publish comments to official Council social media sites during the election period.

To the extent that it is technically possible to do so, all Council social media sites will be disabled for external comments during the election period, to prevent the publication of electoral matter.

During the election period, Council Officers are expected not to engage with Councillors or candidates via social media, including 'liking' or 'commenting' on posts.

5.9. Council Resources

Councillors and Council Officers will not use any Council resources in a way that is intended, or is likely, to affect the result of the election.

During the election period, Councillors will not use Council resources for a purpose other than Council business. Council resources include, but are not limited to:

- staff time;
- Council property (including meeting rooms and the Councillors' Suite);
- Council-provided equipment (including mobile phones, iPads, computers, printers, internet data and email accounts); and
- Council stationery (including Council nametags, business cards and photographs).

The use of Council resources is generally governed by the Councillor Resources and Facilities Policy. This Policy is varied during the election period as follows:

- Councillors will not attend conferences, functions or events in their capacity as a Councillor except when officially invited to do so as the representative of Council;
- Councillors will not undertake any professional development training in their capacity as a Councillor;
- Councillors will reimburse Council for all personal use of Council-provided mobile telephones, including any amount under the \$50 threshold for incidental personal use; and
- Councillors who wish to use email for election purposes must use a private email address.

5.10. Events and Speeches

Regular public events which are part of the normal operations of Council will continue during the election period. Additional events, particularly events which would require Councillor involvement, will only be scheduled with the approval and at the sole discretion of the CEO. The scheduling of additional events that require the involvement of Councillors during the election period will be avoided where possible.

Councillors participating in Council events during the election period as representatives of Council will not use the events for private electioneering. Material published or disseminated during the election period to promote a function or event will not promote individual Councillors.

Where a Councillor is required to deliver a speech at a function or event during the election period, Council Officers are to prepare the speech and the CEO is to confirm that it contains no electoral matter before it is provided to the Councillor.

Functions or events for the purpose of electioneering will not be resourced or publicised by Council.

5.11. Correspondence

Routine letters and emails that are part of normal Council business are not to be affected by election processes, however, Council Officers, equipment and stationery must not be used for Councillor correspondence to the extent that it might relate to the election. This includes, but is not limited to:

- letters with multiple addressees that are prepared by Council Officers, printed on or using Council resources or issued on behalf of Council;
- letters dealing with electoral matters for Councillors; and
- letters and emails that do not form part of general correspondence, which may be evidenced by the 'bulk' nature of such letters and emails.

5.12. Use of the Title “Councillor”

Councillors may use the title "Councillor" in their own election material, as they continue to hold their positions during the election period. To avoid any confusion, however, Councillors must ensure that their election publications are clearly seen to be their own material and not to represent the Council. Councillors will not use the Council logo or any facsimile or derivation of the Council logo on their election material.

5.13. Dispute Resolution

Council will not undertake a dispute resolution procedure under the Councillor Code of Conduct during the election period.

Any dispute resolution procedures which had commenced, but were not yet resolved, prior to the election period will be placed on hold. If re-elected, the Councillors involved may resume the dispute resolution processes once they have formally resumed their position as Councillors.

5.14. Equitable Distribution of Information

Where access to information has been requested by registered candidates during the election period, the matter will be referred to the Governance team to determine whether or not it is appropriate to provide such information.

If approved, the information will be provided to the candidate and also maintained in a register (**the Candidate Information Register**) which will be made available for inspection by any other candidate upon request.

Councillors will continue to receive information that is necessary to fulfil their existing elected roles. This information is not subject to being recorded in the Candidate Information Register as outlined above.

5.15. Conduct of Council Officers

Council Officers are discouraged from promoting any potential candidate during the election period.

Neither the CEO nor any Council Officer can be asked, offer or agree to undertake any tasks connected directly or indirectly with electioneering.
