Locality Plan

2015 - 2018

**Introduction**

Council is committed to working in partnership with local community's to implement the Community Planning program. A community is defined as a small town, locality or neighbourhood.

A Community Plan is a written document that identifies a community's vision for the future and the priorities and actions identified to achieve this vision.

**Annual Reviews**

Council recognises that it is important that Community Plans are regularly reviewed so that the priorities and actions are relevant and up to day. As such, Steering Committees review their Action Plans annually.

From the information gathered, the Steering Committees have updated their associated Action Plans and have highlighted priorities that they will concentrate on over the next year.
