20 October 2015

Agenda Item 8.6 Tatura Community Plan - 5 year Review

Attachment 1 Tatura Community Plan Review 2015 394

Tatura Community Plan 2015

Acknowledgements

The Tatura Community Plan would like to express our sincere appreciation to all of the residents in Tatura who have contributed to the review of the Tatura Community Plan, through completing a survey or attending one of the events associated with the review.

The Greater Shepparton City Council would like to gratefully acknowledge the Tatura Community Plan Committee for the time, energy and knowledge that they have contributed to the Review of the Tatura Community Plan and their ongoing commitment to the implementation of the plan.

Tatura Community Plan 2015

Vision

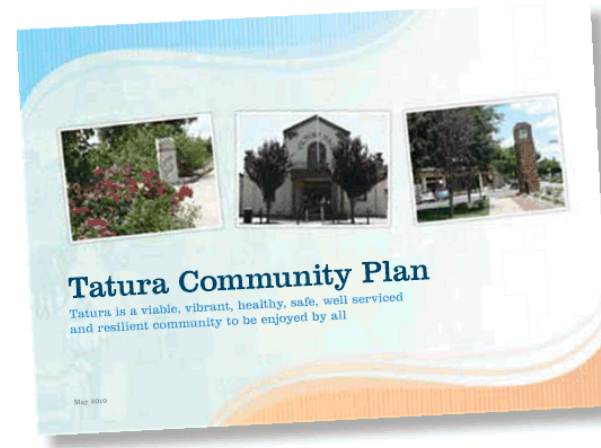

Tatura is a viable, vibrant, healthy, safe, well serviced and resilient community to be enjoyed by all.

Background

The Tatura Community Plan (TCP) was completed in 2010. The plan identified a vision for the future of Tatura and the priorities that were identified to achieve this vision.

The Tatura Community Plan Committee was formed soon after to work towards the implementation of the actions. The members of the TCP Committee represent a diverse range of community organisations from Tatura. This broad representation has contributed to the committee being able to support several community initiatives and has enhanced partnerships and support between organisations in the community.

The TCP Committee believe the Tatura Community Plan 2010 is still relevant and that there is significant work yet to be completed on actions in the plan. The 5 year review has provided the opportunity to re-examine the current priorities and investigate community expectations and changing needs in Tatura. The Tatura Community Plan 2015 builds on the strength of the original plan with new ideas and initiatives received from the consultation during the Review. The conversations

that have taken place during the Review have increased the community's knowledge and connection to the 2010 Plan and have encouraged community members to become involved.

The TCP Community Plan is an important document which can be used by the Tatura community to seek funding and support for specific projects from Greater Shepparton Council as well as other relevant organisations. It is imperative that the Plan reflects what is important to Tatura residents.

In the past five years...

Since 2010 the Tatura Community Plan Committee has met monthly to progress the actions in the plan. The Tatura Community Plan Committee has supported community projects through access to the Community Plan Implementation Fund, advocacy to Government Departments, working with Council to deliver projects and providing a forum for Council to consult on Master Plans and Strategies.

Projects include:

- Tatura Men's Shed was supported through the Community Plan Implementation fund - \$39,000.
- Pte Robert Mactier Statue project was supported through the Community Plan Implementation fund - \$50,000.
- Mactier Park –consultation updated Master Plan.
- Advocacy for Mactier Park with TMI, GSCC and VicTrack.
- 2 Water Fountains in Mactier Memorial Gardens and along the walking track adjacent to Hogan Street. 8 Recycle Bins and six turbo bins. Total cost of project \$23,398.
- Seating and bike racks.
- Walks and Rides Committee established to prioritise and advocate for walking tracks and footpaths in Tatura.
- Lake Bartlett Feasibility study in 2012.
- Support Victory Hall Committee.
- Thomson Street path.
- Update Entry signage for Tourism – 3 major events.
- Support for the Jodie Ridges Trail.
- What's Happening In Our Town event.
- Installation of extra cows.
- Before I die Wall.

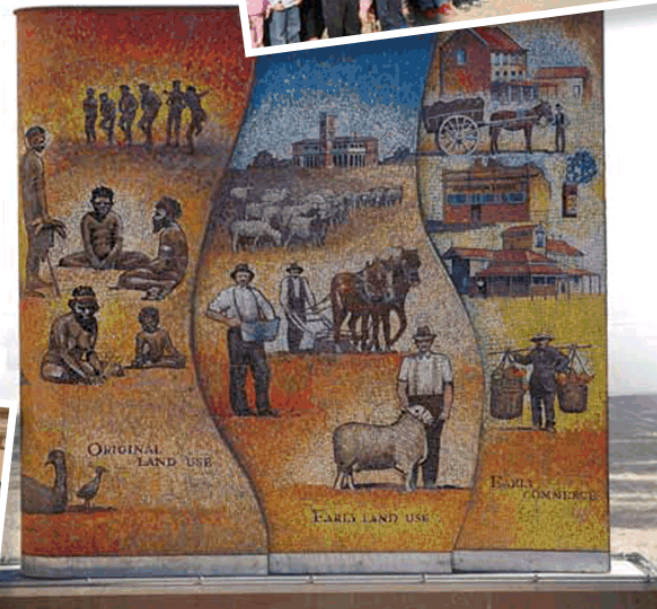

Demographic update

Tatura is situated in north east Victoria, approximately 16 kilometres south-west of Shepparton and is part of the City of Greater Shepparton.

From 2006 to 2011, Tatura's population increased by 201 people (4.8%). This represents an average annual population change of 0.95% per year over the period. The Population in 2011 was 3,672. There were 987 families with an average of 2 children per family.

The largest changes in the age structure in this area between 2006 and 2011 were in the age groups Babies and pre-schoolers (0 to 4) (+80 people) and the Elderly aged (85 and over) (+58 people).

The Review

The Tatura Community Plan 5 Year Review was conducted throughout May and June 2015 culminating with a Let's Talk Tat Evening in July. The Consultation process for the Review provided the opportunity for community members to participate through a Survey, conversations with TCP Committee members and attending the following events.

The aim of the Review was to build on the strength of the Tatura Community Plan 2010 so consultation activities were targeted to areas of the community where actions were not progressing with the intention of creating or reviving community interest in the Plan.

The feedback from the community has supported the Committees observation that many of the priorities of 2010 are still relevant in 2015.

How we reviewed the Tatura Community Plan

Surveys

There were 3 surveys developed to target Youth, Family (0-12yrs) and Community. There were 99 surveys received. The online link to the survey was available on Council's website and forwarded through networks. Hardcopy surveys were also available at the Tatura Community House and the Tatura Library and at all events during the consultation.

Business Breakfast

The Committee hosted a Business Breakfast at the Gallery Café with over 30 people representing both large and small business in town. Discussion included:

- What are the opportunities for business in Tatura.
- What are the challenges facing business in Tatura.
- What can we do collectively to support and promote the business community in Tatura.

There was support for the Community Plan and Business to work together in the future to share issues and network solutions.

Northlinks BBQ Breakfast

The Committee invited Residents of Northlinks to a BBQ Breakfast to share their experience of the new estate. Conversations over breakfast gave the residents an opportunity to find out about the Plan and provide input to the Review.

Walk and Rides Committee - Bus Tour

The Walks and Rides Committee have been working on the priorities for footpaths and walking tracks in Tatura over the past five years. The bus tour invited Council Officers to join the Committee to see firsthand the priorities that are included in the TCP Action Plan. This includes the Dhurringile Road Walking track, the Jodie Ridges Trail and a proposed 10 km loop of Tatura.

Postcards from Tatura

Students from local Primary Schools were invited to submit an entry into the Postcard for Tatura Competition showing their favourite place or thing to do in Tatura.
11 entries were received.

Let's Talk Tat

Over 30 people attended this evening to hear the ideas raised during the consultation and provide additional feedback.

The Community Said

What we like about Tatura?

- Friendly
- Great sporting facilities
- Wonderful community facilities
- Wonderful community spirit
- Great employment opportunities
- Walking tracks
- Tatura is a well-connected accessible community that supports its regional and rural communities
- Blue Light Disco

Challenges facing the community

- Transport to Shepparton and Melbourne
- Swimming Pool/Indoor Pool
- Secondary School for Tatura
- Support for local business
- Accommodation
- Shade for playgrounds
- Engaging youth – youth activities

Implementing the Plan

The Community Plan will continue to guide future projects and activities over the next five years.

The achievement of priorities within the plan will require ongoing community support. Many of the listed priorities will require further research and planning. Some goals are long term and it will take considerable perseverance to progress these actions.

The Action Plan will be reviewed annually to ensure that the priorities remain reflective of the emerging needs of the community.

The Community Plan group will continue to advocate for the implementation of Master Plans and Strategies for the town as well as investigate funding opportunities for any smaller actions contained within them.

- Mactier Park Master plan
- Lake Barlett Master Plan
- Cussen Park Environmental Management Plan

The following Action Plan outlines the priorities for the community of Tatura in 2015.
