Mayor's Introduction

As the Mayor of Greater Shepparton City Council I am pleased to provide the foreword for the Greater Shepparton City Council Community Safety Strategy 2018-2021.

Safety and security, both actual and perceived, are essential to fostering a sense of wellbeing and place. Measures that increase actual and perceived safety contribute strongly to a cohesive and engaged community.

Greater Shepparton is a wonderful place to live, work, and play; with so many opportunities. It is imperative however, that Council acknowledges not all members of the community are safe and feel secure. The Community Safety Strategy seeks to acknowledge this fact and continue to address it.

This Strategy is an important strategic document that enables Council to gauge the community's thoughts about safety, and drive actions providing increased opportunities and targeted resources to address and promote safety. The actions outlined in this Strategy are designed to be steps toward instigating and continuing societal change.

As part of the Community Safety Strategy Council will, along with its partners, implement awareness and education campaigns, deliver infrastructure projects and demonstrate leadership contributing positively to the vision for 'Community Safety' outlined in this Strategy.

Council believes a collaborative approach is needed, which is why existing partnerships remain a priority and why the work of the Greater Shepparton Safe Communities Advisory Committee is vital to ensuring many facets are considered when tackling the issues of safety in our community.

A handwritten signature in black ink that reads "Kim O'Keeffe".

Cr Kim O'Keeffe
MAYOR

Introduction

Greater Shepparton City Council is committed to creating a community where residents feel safe, secure, and are proactive.

Greater Shepparton continues to experience growth and is home to a diverse population, including the largest Aboriginal and Torres Strait Islander population outside of metropolitan Melbourne, and extensive multicultural community, with 15% of the community speaking a language other than English at home.

The Community Safety Strategy 2018-2021 has been developed to build upon the partnerships and initiatives of previous years and address emerging issues identified by stakeholders and the community. Current data and statistics have been used to inform priority areas and inform the strategies employed to improve actual and perceived safety in the community.

Background

The Community Safety Strategy 2018-2021 marks the third iteration of Council strategy with a focus on improving community safety within the Greater Shepparton municipality.

The previous Safe City Strategy 2011 – 2014 and Community Safety Strategy 2014 – 2017 implemented a holistic approach to community safety by implementing multifaceted initiatives to increase community awareness, engagement, resilience and confidence.

Some of the key achievements from the previous strategies include:

- Safer City Camera Network – initial design and construction of network and employment and coordination of Council camera operators to provide active monitoring during peak times.
- Multiple lighting upgrades including Maude Street Mall, Queens Gardens, Stewart Street and Fryers Street carparks and the development and delivery of the Go Light Up Edwards (G.L.U.E) and Welsford Arterial Lighting Initiative (WALI).
- Family Violence awareness projects in partnership with the Goulburn Valley Family Violence Prevention Network e.g.: 'Walk Against Violence', 'Our Community Says No to Violence' event, 'Responding to the Abuse of Older Women and Men Forum' and White Ribbon / 16 days of Activism events.
- Endorsement and delivery of the Hume Region Preventing Violence Against Women and Children Strategy Action Plan and involvement in Women's Health Goulburn North East's Community of Practice.
- Delivery of Crime Prevention through Environmental Design training to relevant Council staff.
- Delivery and coordination of the Street Rider Night Bus and Night life Radio initiatives.
- Coordination of the Greater Shepparton Community Ice Response Project (GSCIRP)
- Support of Road Safety awareness programs including Cool Heads, Drive for Life and L2P.
- Support for a number of other programs, initiatives and events regarding alcohol and drugs, road safety, neighbourhood watch and community safety broadly.

The 2018-2021 Strategy has been informed by the previous two strategies, community consultation, key stakeholders and relevant statistical reports from VicHealth, Turning Point, VicRoads, Monash University and Crime Statistics Victoria.

Vision

A Safe, Inclusive and Proactive Greater Shepparton.

Priorities

1. Inclusive and Proactive Communities

A Greater Shepparton that actively celebrates diversity builds resilience and strengthens community connections.

2. Creating Safer Public Spaces

Create and maintain public spaces that improve actual and perceived safety, promote social cohesion and ensure safe transport within Greater Shepparton

3. Prevention of Family Violence

Ingrain a culture throughout Greater Shepparton that values gender equity and is intolerant of family violence in all its forms

4. Alcohol and Other Drugs

Reduce alcohol and drug related harm within Greater Shepparton

5. Leadership and Governance

Deliver strong proactive leadership, advocacy and coordination of local and regional partnerships to improve safety within Greater Shepparton and Governance

How was the strategy developed?

When developing the strategy Council sought information and input from a wide range of sources and stakeholders relevant to the current state and future direction of community safety within Greater Shepparton. The process is outlined in Figure 1 below.

Greater Shepparton Safe Communities Advisory Committee

The first Greater Shepparton Community Safety Committee was established in 2007 to work towards community safety goals in partnership with the community, community service organisations, key stakeholders and the Greater Shepparton City Council. Membership of the Advisory Committee has been developed to encompass broad representation amongst community organisations, agencies and local government organisations who can provide relevant feedback, advice and experiences in respect of their specialist areas of expertise.

Presently membership is made up of the following representatives:

- Councillor, Greater Shepparton City Council
- Greater Shepparton City Council
- Victoria Police
- Goulburn Valley Health
- Primary Care Connect
- Department of Education and Early Childhood Development
- Positive Aging Advisory Committee
- Disability Advisory Committee
- Department of Human Services
- Youth Service Network
- Ethnic Council
- Rumbalara Cooperative Pty Ltd
- Yorta Yorta Nation
- Community Safety Group (Neighbourhood Watch) Greater Shepparton Police Service Area
- Department of Justice
- Liquor Licensing Accord
- Chamber of Commerce
- Local Taxi Operators
- VicRoads
- Country Fire Authority
- State Emergency Service Victoria

The Greater Shepparton Safe City Advisory Committee supports the development, implementation, review and reporting of the Community Safety Strategy 2018-2021.

Community Safety within Greater Shepparton

Safety is influenced by a range of factors that can be individual, community or environmental.

Perception of safety can be influenced by a range of factors, from an individual’s past experiences, age, gender, sexuality, cultural background, their perception of risks, and the impact from external sources such as media, relationships and locations.

When measuring community safety, two elements are considered: perception of safety and crime prevention.

1. Perception of Safety

Perception of safety is unique to each resident within Greater Shepparton; this perception is used as an indicator of how safe someone feels or as a measure of expectation that someone could become a victim of crime. This reference is usually in the context of a place based or situational setting and may have been formed due to a personal experience or knowledge of a victim of crime (actual risk), or a feeling of anxiety or worry that something is unsafe (perceived risk).

Council consults with the Greater Shepparton community through the Community Safety Survey to measure the community’s perception of safety.

Key Findings from the Community Safety Survey 2017

- Over 50% of respondents identified that they avoid certain areas within Greater Shepparton during the day due to a perception of being unsafe at least some of the time.
- Over 80% of respondents identified that they avoid certain areas within Greater Shepparton during the night due to a perception of being unsafe at least some of the time.

Have you or anyone you know experienced or witnessed a crime within the Greater Shepparton area in the last 3 years?

My home / business was burgled / broken into in the last year	35.07%
I had something stolen from me in the last year	25.00%
I have been insulted or harassed in public in the last year	32.84%
I have been physically assaulted in public in the last year	2.27%
Someone I know has had their home / business was burgled / broken into in the last year	76.52%
Someone I know has had something stolen from them in the last year	78.20%
Someone I know has been insulted or harassed in public in the last year	58.78%
Someone I know was physically assaulted in public in the last year	38.93%

Respondents identified the 5 most concerning safety issues in Greater Shepparton were:

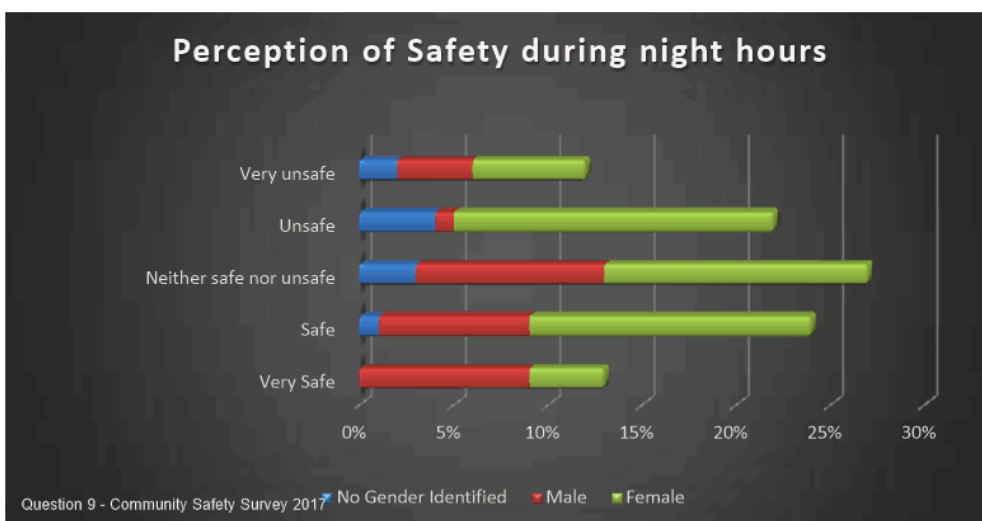

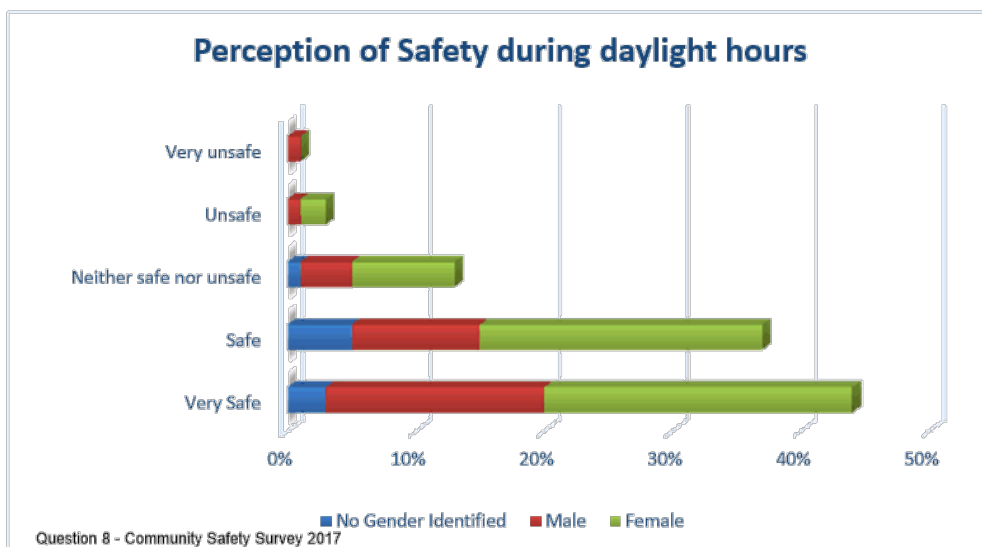

Overall safety concerns and their perceptions of severity:

When the community were asked to prioritise their top 3 priorities:

Drug use	27.86%
Public violence and aggressive behaviour	17.86%
Domestic / Family Violence	17.86%

2. Crime Prevention

Crime, and the fear of becoming a victim of crime has consistently been raised as a concern throughout community consultation; between 2014 and 2016 over a **third** of respondents indicated that they had a Medium to High fear of becoming a victim of crime within their own neighbourhood.

The responsibility of crime prevention throughout our region is shared throughout a number of local, state and federal organisations. While the provision of law enforcement is not core activities for local government, Council does have a central leadership role in promoting safety in partnership with Victoria Police and local agencies, organisations and businesses to improve community safety.

Who is Responsible for creating a Safe Community?

Community safety involves everyone! Every person within Greater Shepparton has a role to play in creating a safe and secure community whether they live, work or play within our municipality.

The Greater Shepparton community is also supported by numerous local agencies and organisations who provide assistance to those which may be identified as in need, vulnerable or at risk.

Greater Shepparton City Council is proud to be involved in partnerships between government and non-government agencies, community organisations and individuals that are developing community safety programs and are keen to expand and build on these relationships.

In Greater Shepparton

Priority Area 4. Alcohol and Other Drugs				
Goal: Reduce alcohol and drug related harm within Greater Shepparton.				
Strategy		Measure	Responsibility	Timeframe
4.1	Develop, support and deliver initiatives that build awareness of alcohol and drugs within Greater Shepparton.	Deliver a minimum of two initiatives annually.	GSCC-CS GSCC-YC SCAC LOIS	Ongoing
4.2	Contribute to the Greater Shepparton Liquor Accord and provide support to members to ensure compliance with Liquor Licensing regulations.	Attend Greater Shepparton Liquor Accord meetings.	GSLA VP GSCC-CS	Ongoing
4.3	Continue to support Local Professionals Network and Local Community Action Group responding to drugs.	Minimum of bi-annual meetings for Local Professionals Network and Local Community Action Group.	GSCC-CS LOIS	1-2
4.4	Map and investigate community and professional networks within Greater Shepparton that have a focus on preventing and reducing harm associated with alcohol and drugs to support better coordination across Greater Shepparton.	Deliver a service mapping report detailing current community and professional partnerships focused on AOD.	GSCC-CS	2
4.5	Support submissions to Australian Drug Foundation for Local Drug Action Team (LDAT) programs within Greater Shepparton.	Identify lead agency for LDAT submission.	GSCC-CS LOIS	1
4.6	Apply and obtain external funding to support prevention, early intervention and harm minimisation relating to drugs and alcohol initiatives within Greater Shepparton.	<ul style="list-style-type: none"> Funding applications submitted. Successful funding obtained. 	SCAC	Ongoing

Priority Area 5: Leadership and Governance

The **Greater Shepparton Safe Communities Advisory Committee** has representatives from

- 3 Greater Shepparton City Council Advisory Committees
- 6 Not of Profit Organisation
- 6 State Government Agencies
- 4 Community organisations / Networks

In 2017 Greater Shepparton City Council and its partners have been successful in **securing funding for multiple safety initiatives including**

- Go Lights Up Edwards
- Wipeout
- St Georges Road Streetscape redevelopment
- Shepparton Laneway Art Project
- Safer City Camera Network
- Night Life Radio
- Welford Arterial Lighting Project

Improving the Community Safety within Greater Shepparton was a key objective within the **Social Theme of the Greater Shepparton 2017 – 2021 Council Plan**

Since 2011/12 the Greater Shepparton LGA has secured funding for **32 safety projects through the Department of Justice and Regulation totalling \$1,372,459**

In 2000 the gender breakdown of Greater Shepparton City Council Councillors was

6 male / 1 female (Nominated 11m / 2f)

Presently the gender breakdown of Greater Shepparton City Council Councillors is

5 male / 4 Female (Nominated 22m / 7f)

Priority Area 5. Leadership and Governance				
Goal: Deliver strong proactive leadership, advocacy and coordination of local and regional partnerships to improve safety within Greater Shepparton				
Strategy	Measure	Responsibility	Timeframe	
5.1	Continue to lead and coordinate the Greater Shepparton Safe Communities Advisory Committee.	Coordinate Bi-Monthly SCAC meetings.	SCAC GSCC-CS	Ongoing
5.2	Continue representation and partnerships with key networks, community and working groups with a focus towards community safety, including Positive Aging Advisory Committee, DAC, MEMP, SPAN.	Membership / Attendance on relevant committees and actions / initiatives delivered.	GSCC PAAC DAC	Ongoing
5.3	Support the delivery of the Municipal Health and Wellbeing Plan and relevant action to community safety.	Deliver relevant actions arising from the Municipal Health and Wellbeing Plan.	HWBAC	Ongoing
5.4	Regularly analyse and utilise local community safety statistics to target initiatives, funding applications, identification of emerging needs and determine appropriate resource allocation.	Share local statistics as a part of bi-monthly SCAC meetings and annually to Council via Council report or SDS.	SCAC	Ongoing
5.5	Apply for and obtain external funding to assist with program delivery, infrastructure development and research into initiatives that improve community safety throughout Greater Shepparton.	<ul style="list-style-type: none"> Funding applications submitted. Successful funding obtained. 	SCAC	Ongoing
5.6	Provide information, assistance and advice to community groups and organisations seeking to secure funding to improve community safety and security.	Respond to all external enquiries regarding Safety focused funding submissions.	GSCC-CS SCAC NHW	Ongoing

5.7	Provide advice and raise awareness across council regarding actual and perceived safety, community safety issues and approaches to Community safety.	Actively engage across Council Departments, Advisory committees and provide feedback where appropriate.	SCAC	Ongoing
5.8	Build capacity across Council through the delivery of training across the area of; <ul style="list-style-type: none"> • Safer Design Guidelines (CPTED) • Bystander • Gender Equity • Family Violence response • Other relevant community safety based training 	<ul style="list-style-type: none"> • Training/Workshops delivered. • Training attendance numbers. • Training evaluation and feedback. 	SCAC GSCC-PD WHGNE MAV	Ongoing

How is the Strategy monitored and reviewed?

Regular monitoring and reporting of the Strategy occurs through the Greater Shepparton Safe Cities Advisory Committee and various other Community safety partnerships. The Strategy is reviewed and reported on annually to Council through a Councillor Briefing.
