## RISK LEVEL MATRIX LEGEND

**Note:** A number of reports in this agenda include a section on “risk management implications”. The following table shows the legend to the codes used in the reports.

Likelihood	Consequences				
	Negligible (1)	Minor (2)	Moderate (3)	Major (4)	Extreme (5)
<b>Almost Certain (5)</b> Would be expected to occur in most circumstances (daily/weekly)	LOW	MEDIUM	HIGH	EXTREME	EXTREME
<b>Likely (4)</b> Could probably occur in most circumstances (i.e. Monthly)	LOW	MEDIUM	MEDIUM	HIGH	EXTREME
<b>Possible (3)</b> Reasonable probability that it could occur (i.e. over 12 months)	LOW	LOW	MEDIUM	HIGH	HIGH
<b>Unlikely (2)</b> It is not expected to occur (i.e. 2-5 years)	LOW	LOW	LOW	MEDIUM	HIGH
<b>Rare (1)</b> May occur only in exceptional circumstances (i.e. within 10 years)	LOW	LOW	LOW	MEDIUM	HIGH

- Extreme**      Intolerable – Immediate action is required to mitigate this risk to an acceptable level. Event/Project/Activity is not to proceed without authorisation
- High**            Intolerable – Attention is needed to treat risk.
- Medium**        Variable – May be willing to accept the risk in conjunction with monitoring and controls
- Low**             Tolerable – Managed by routine procedures

## 7. INFRASTRUCTURE DIRECTORATE

### 7.1 Advertising of Community and Aerodrome Leases

#### **Disclosures of conflicts of interest in relation to advice provided in this report**

Under section 80C of the *Local Government Act 1989* officers and persons engaged under a contract providing advice to Council must disclose any conflicts of interests, including the type and nature of interest.

No Council officers or contractors who have provided advice in relation to this report have declared a conflict of interest regarding the matter under consideration.

#### **Council Officers involved in producing this report**

**Author:** Co-Ordinator Property, Property Officer

**Proof reader(s):** Manager Strategic Assets

**Approved by:** Director Infrastructure

#### **Executive Summary**

Council has a number of lease agreements with community groups that will expire over the next 12 months or have actually expired.

Council also has leases with individuals and companies at the Shepparton Aerodrome that are due to expire over the next 18 months. In response to requests from lessee's and support of the Aerodrome advisory committee the new lease documents for hangars at the aerodrome will be for a 10 year period with a 10 year option, however recognising the possibility of a new aerodrome location will include a clause protecting Council against claims for costs in the event of relocation.

Authorisation is being sought to advertise those leases in accordance with the *Local Government Act 1989* as and when they fall due.

#### **Moved by Cr Patterson**

#### **Seconded by Cr Giovanetti**

That the Council:

1. in accordance with Section 223 of the *Local Government Act 1989 (the Act)*, provide public notice in the Shepparton News of the intention to grant the following leases:

#### **Community Leases**

2. stipulate in the public notice that persons may make a submission on the leases in accordance with Section 223 of *the Act*;
3. authorise the Chief Executive Officer to undertake the administrative procedures necessary to enable the Council to carry out its functions under Section 223 of *the Act* in relation to this matter;

if submissions are received under Section 223 of *the Act*:

- (a) a Special Council Meeting be convened at a date and time to be determined to hear from any person or persons who request to be heard in support of a Section 223 written submission; and
  - (b) a report on any Section 223 submissions received by the Council, along with a summary of any hearings held, be provided to the Special Council Meeting.
4. note that the matter will be determined by Council at a future Council Meeting once submissions close.

**CARRIED UNOPPOSED.**

## 7. INFRASTRUCTURE DIRECTORATE

### 7.1 Advertising of Community and Aerodrome Leases (continued)

#### **Background**

Council has one expired lease and 3 leases that will expire over the next 12 months. Council is required under the *Local Government Act 1989* to advertise its intention to lease these before it can reoffer to the community groups who currently lease those facilities. The community lease arrangements that will be offered to the community groups will be for a 5 year lease with two 5 year options. Each of the community groups will pay a rent of approximately \$230 to \$250 per annum.

The lease for the Goulburn Murray AFL Commission, which is currently leasing office space at Kialla Recreation Reserve, expired in January 2017. New lease agreements were prepared and forwarded to the Commission in 2017 but those lease agreements have only just been signed by the Commission but have not been signed by the Council.

Seventeen leases at the Shepparton Aerodrome are ending their final terms, two in 2019 and the balance in 2020. These tenants will be offered 10 year leases with a further 10 year option. Each of the aerodrome leases will have a relocation clause which will allow for the relocation of the aerodrome at any time during the lease period and not expose Council to compensation.

#### **Council Plan/Key Strategic Activity**

One of the aims identified in the Council Plan 2017-2021 under Built is “*Quality infrastructure is provided and maintained to acceptable standards*”. The provision of these new leases will allow the organisations to continue in occupation of the facilities, some of which have been built by the organisations, into the future.

#### **Risk Management**

Risks	Likelihood	Consequence	Rating	Mitigation Action
Community groups continuing in occupation of premises without lease agreements in place	Medium	Low	Low	Ensure new leases are put in place to address this issue.
That the aerodrome is relocated during the lease term	Medium	Low	Low	Ensure each of the lease agreements has a relocation clause.

#### **Policy Considerations**

This proposal does not conflict with any current Council policies.

#### **Financial Implications**

There are no financial implications. Each of the community organisations pays a community rent of approximately \$230 - \$250 per annum for their occupation of the respective premises. The tenants at the aerodrome pay a per square meter amount for the sites that they rent at the aerodrome, based on a rate determined by valuation.

#### **Legal/Statutory Implications**

The new leases will be publicly advertised pursuant to section 223 of the *Local Government Act 1989*.

#### **Environmental/Sustainability Impacts**

There are no environmental or sustainability impacts identified with this proposal.

## 7. INFRASTRUCTURE DIRECTORATE

### 7.1 Advertising of Community and Aerodrome Leases (continued)

#### **Social Implications**

The provision of these leases will allow the community organisations to continue in their occupation of Council premises and allow these groups to provide community activities and services, which promote health and well-being and/or develop a strong sense of community.

#### **Economic Impacts**

There are no economic impacts which have been identified with this proposal.

#### **Consultation**

Consultation has and will continue with the Aerodrome Advisory Committee regarding terms and conditions of the leases.

Section 223 provisions of the *Local Government Act 1989* will be followed to ensure the general community is aware of the proposals to enter into the leases.

#### **Strategic Links**

##### a) Greater Shepparton 2030 Strategy

One of the strategies identified in the 2030 Objectives and Strategies is to “*Enhance social connectedness, physical and mental health and well-being, education and participatory opportunities to improve liveability and provide a greater range of community services.*”

#### **Conclusion**

That the Council authorise the advertising of leases noted in the recommendation of this report as they fall due.

#### **Attachments**

Nil

#### Background

The Our Sporting Future Funding Program has been established to assist community organisations with the implementation of small to medium sized facility development projects. The types of projects that may be funded include:

- Sports surface development
- OHS and public safety improvements
- Lighting upgrades
- Pavilion upgrades
- Shade for participants
- Disability Access

The program also assists with development programs for new and developing sporting organisations throughout Greater Shepparton. Clubs such as the reformation of the Shepparton Rowing Club and the Shepparton Rugby Union Club have benefited from the Our Sporting Future Funding, Sports Aid program.

The funding program provides three categories for funding:

- Major facility development – for projects on a \$1 for \$1 basis but not exceeding \$30,000
- Minor facility development – for projects on a \$1 for \$1 basis but not exceeding \$15,000
- Sports Aid - funding between \$500 and \$5,000 (without matching contributions) for special sports projects that provide support to new and developing sporting organisations, for special access and participation projects, or for planning initiatives that address the future sport and recreation needs of the club/organisation

## 7. INFRASTRUCTURE DIRECTORATE

### 7.2 Our Sporting Future Funding Round 2 - 2018/2019 (continued)

The Our Sporting Future Funding applications are assessed in two rounds annually, with the first round closing at the end of July each year and the second round closing in February each year.

A cross department assessment team was developed to improve the assessment of applications. The team consists of the following members:

- Sports Events Officer – Tourism & Events
- Community Development Officer – Community Strengthening
- Team Leader Sports Development & Strategic Planning – Parks, Sport & Recreation

The Our Sporting Future Funding Program is available for all sporting/recreational groups within the municipality. The program was advertised this year in the Shepparton News and through social media, In addition Council held various grants information sessions at various different times for the community, to help promote all Council grants. This campaign was highly successful and has increased the number of applications dramatically compared to the last two rounds. The program is also promoted on Council's external website with testimonials from previous recipients of funding. ValleySport, the Goulburn Valley's regional sports assembly, actively advertise the funding program through their network of known local community sport and recreation groups and via a monthly newsletter reaching over 640 recreation and sporting contacts in the Greater Shepparton Region.

The Our Sporting Future Funding Program has an acquittal process at the completion of the project. An electronic funding acquittal form is received including supporting documentation of invoices and photographs of installation. A Council Officer also undertakes a site visit.

Project	MiniRoos Kick Off for Girls & Regional Girls Development Program		
Short project description	<p>There are two parts to this project that we intend to run for FREE and for GIRLS ONLY. The first is the Aldi MiniRoos Kick Off for Girls ages 5-9. The second is the Regional Girls Development Program for ages 10-16. The two programs are designed to attract female players to the club, the sport and provide a place for girls to improve their skills. Government research indicates that female participation in active sport is less than it could (should) be and hence females miss out on reaping the benefits of physical activity, social interaction and inclusion, networking, self-esteem, etc. We want to increase female participation in sport and hopefully maximise. It will also make sure that the players have access to essential equipment, uniforms and the creation of an inclusive environment so that as many barriers to participation that we can control are lowered / removed.</p> <p>In summary the program will be free (or very minimal cost) to participants which will be funded by this grant, our club and significant in kind effort.</p>		
Who will benefit from the project	<p>Discussions were had with Atila Kerestas, Football Victoria Club Ambassador, who is on board to get these programs started with our Club.</p> <p>The Aldi MiniRoos Kick Off program should have up to 20 girls participating between the ages of 4 and 9. The Regional Girls Development Program should have over 20 girls participating. We want to invite as many girls as we can in the Greater Shepparton between the ages of 10 and 16 area to participate. We will be consulting with Football Victoria and those who are part of the Aldi Mini Roos program.</p>

#### Shepparton Junior Soccer Association

Funding Category	<b>Sports Aid</b>		
Project	The First Kinderoos Program		
Short project description	The Shepparton Junior Soccer Association has a long history of offering football (soccer) as a sporting option for the primary and secondary aged children of Shepparton and surrounding districts. It has never before offered any form of the sport to pre-school children. We are unaware of any other organisation in the Goulburn or Northeast areas of Victoria offering such a program. By starting our Kinderoos program, we will rectify this with a modified program tailored specifically to that aged group. Our project is to acquire the equipment to enable us to offer the new Kinderoos program.		
Who will benefit from the project	The beneficiaries of the program will be the children of Shepparton, both boys and girls. When they are involved with the program, they will be between the ages of 3 years and 5 years. We have consulted with two major football organisations in Shepparton, Shepparton South Soccer Club and Shepparton United Football Club. Both organisations are keen for our proposed Kinderoos program to go ahead. We have also been in consultation with a number of kindergartens in the area.

Project	Strategic, Operational and Participation Growth Plan for our Organisation		
Short project description	Shepparton Swans Football Netball Club wants to develop a business plan and at the same time improve the skills of every single member of our committee. We will achieve this by purchasing and undertaking the TDS community sports club solutions program (refer attached quote). The skills we learn from this will help us create a strategic, operational and participation growth plan for our organisation.		
Who will benefit from the project	Every single committee member and administrator will be involved and take advantage of the program, especially specific to their roles. Ultimately, each participant will benefit. The product will also allow for succession via handover of knowledge to the next committee. We will be working closely with TD Solutions to make sure we are implementing this program properly and we are getting the most out of it. As can be seen, TDS are "experts" in this area specialising in non for profit sporting organisations.

#### Central Park/St Brendan's Cricket Club

Funding Category	<b>Majors</b>		
Project	Wicket Roller Purchase and Storage Shed Purchase and Install		
Short project description	Funds will be utilised to purchase a custom built 3000V Rolleromatic wicket roller for use and storage at Deakin Reserve. This is required as the existing roller, that's more than 30 years old, is substandard and not capable of rolling the wicket to the required quality and safety standards. In addition, funds will contribute to the purchase of a storage shed to house the roller securely along with associated site preparation works, electrical works and installation costs. The shed is required to alleviate the existing problem of vandalism that's a regular occurrence to the old roller as it's not housed securely.		
Who will benefit from the project	The project is capacity building for the club, creating a more self-sustainable future and improved safety for users. Improved wicket quality/safety supports the vision identified in Council's 'Deakin Reserve Future Directions Plan' for a premier facility for Cricket and Australian Rules Football in Greater Shepparton. Cricket is a sport for all regardless of age, gender, cultural background or ability. The project will positively impact more than 160 players, including 90 club members, affiliated juniors and members of the new women's team, as well as Shepparton Cricket Association and Shepparton Junior Cricket Association, also users of the facility. A close working relationship is maintained with Council's grounds staff, this partnership ensures the best outcome for cricket and football and we welcome Council's use of the roller and storage shed as required throughout the year. Indirectly, the ability to attract cricket events benefits the entire community via a positive visitor economy.

## 7. INFRASTRUCTURE DIRECTORATE

### 7.3 Contract 1883 - Construction of Kialla Park Recreation Reserve - Main Oval Redevelopment (continued)

#### Financial Implications

The original 2018/19 budget included an allocation of \$360,000 for a civil works contract to deliver the Main Oval Redevelopment project. The budget amount for the civil works contract was based on the engineering estimate prepared by the design consultant and assumed two significant components would be delivered outside the scope of this contract, these included the irrigation infrastructure and the cricket pitch. The project has been re-scoped to include these items in the civil contract and the budget provision amended to \$594,000 as part of the 3<sup>rd</sup> quarter review.

The key cost changes from the change of scope include;

- The inclusion of the Irrigation works at \$99,000
- The inclusion of the Cricket Pitch at \$50,000

The change estimated cost and budget requirements also included;

- *Changes to the rates adopted in the design consultants estimated rates for Growing Medium and Tree Protection* - \$69,000

In addition to the above the fill material required to offset the Borrow Pit works was originally intended to be sourced from Council's existing stockpile at DRC, however that material is now no longer available and material is to be sourced from a borrow pit at the Kialla Recreation Reserve site.

Overall, the revised budget allocation to facilitate the complete program of works includes an additional \$234,000.

### **7.3 Contract 1883 - Construction of Kialla Park Recreation Reserve - Main Oval Redevelopment (continued)**

Community life - Enhance social connectedness, physical and mental health and wellbeing, education and participatory opportunities to improve liveability and provide a greater range of Community services.

2. To encourage and implement activities that will strengthen community spirit.

2.1 Encourage new development and redevelopments of existing areas to include community gathering spaces, such as village greens, local public open spaces and sporting facilities.

#### **Conclusion**

Jarvis Delahey Contractors has been assessed as having the highest weighted score for Contract 1883 and has submitted a conforming tender. Jarvis Delahey Contractors is a local contractor and the panel is satisfied that Jarvis Delahey Contractors has established a good performance history in performing similar works for Council and is considered to have the experience, capability and resources to complete this project within the time period stipulated.

Therefore, it is recommended that Contract 1883 be awarded to Jarvis Delahey Contractors for a total lump sum price of \$653,285.82 (including GST).

#### **Executive Summary**

This tender is for the provision of a panel of suppliers to provide asphalt surfacing and associated works within the Greater Shepparton Municipality. The services are required predominantly for capex asphalt renewal projects over \$10,000 and consist of supply and lay of specified asphalt products to be constructed at various locations in the Greater Shepparton Municipality.

The purpose of this contract is to replace existing Contract 1463 - Supply of Asphalt Products and Surfacing Works expired December 20<sup>th</sup> 2018

The contract period will be Two years (2) with an option for an extension of two (2) + two (2) year extensions. Works renewal programs are assembled and budgeted through asset modelling and condition surveys provided by Councils Assets Department and are subject to allocated funding each financial year. Financial estimates are based on councils full liability under the contract over six (6) years, which is estimated to be \$12,600,000 (GST exclusive)

Contract price procurement guidelines required consultation with probity advisor and provision of a probity plan. Anne Larkins from Dench McClean Carlson was engaged to undertake this process, her reports are as attached.

Council advertised for Asphalt Services via Tendersearch ,Shepparton news and The Age receiving four tender submissions from Rich River Asphalt Pty Ltd , Downer EDI Works Pty Ltd , Szabolics Construction Pty Ltd and Crack Sealing Solutions.

Three of the four tenders were conforming with the submission from Crack Sealing Solutions non-conforming.

Following evaluation, the Tender Evaluation Panel recommends that Rich River Asphalt Pty Ltd , Downer EDI Works Pty Ltd , Szabolics Construction Pty Ltd be appointed to the Panel of Suppliers as this will provide sufficient resources and flexibility to deliver the contract.

Renewal budget for asphalt is recommended in Assets Greater Shepparton Road Life Cycle Modelling and Capital Works Planning Report. The 2017 strategic modelling analysis predicts the deterioration of Council's road asset stock by calculating different funding options.

Overall deterioration of Council's road asset stock has been established by predicting the behaviour of every individual road segment after allocation of treatments based on the optimised decisions determined for each funding option.

As recommended by the strategic modelling, option 1 for the road capital works budget for asphalt renewals has been adopted as the current funding allocation.

No Council officers or contractors who have provided advice in relation to this report have declared a conflict of interest regarding the matter under consideration.

#### **Council Officers involved in producing this report**

**Author: Project Engineer**

**Proof reader(s): Manager Projects**

**Approved by: Director Infrastructure**

#### **Executive Summary**

The Bridge Road Timber Bridge (Toolamba Bridge) is located in Toolamba and consists of eight (8) spans crossing the Goulburn River south of Shepparton.

While plans are in place to replace the structure with a new bridge within approximately ten (10) years, the Council wish to retain the current timber structure for safe service until that time. The bridge is known to be in a dilapidated condition and requiring remedial and strengthening works in order to address deficiencies and keep the structures safe for service. Vehicle load restrictions of 2- tonne GVM are currently imposed on the bridge.

An original cost estimate for the upgrade works, prepared as part of the Level 3 bridge inspection, indicated a cost of \$775,000 (ex GST) and this was reflected in the Procurement Plan.

Council was successful in obtaining \$930,000 in external funding through the Fixing Country Roads (FCR) Round 1 program to contribute to the Toolamba Bridge, Watt Road Bridge and Burkes Road Bridge upgrades.

As part of preparing the tender documentation a detailed bill of quantities was prepared, which required a more thorough examination of the specific components of the bridge. Following completion of the Bill of Quantities the cost estimate for the project was revised to \$1,421,000 (ex GST). The tendered price for the works is \$1,505,235 (ex GST) which is 6% over the current estimate.

In-principle agreement has been reached with VicRoads / Regional Roads Victoria (RRV) to apply all of the FCR Round 1 funding to Toolamba Bridge due to the cost escalation.

**Moved by Cr Patterson**  
**Seconded by Cr Giovanetti**

That the Council:

1. accept the tender submitted by D C Projects Pty Ltd for Contract No. 1917 Toolamba Bridge Refurbishments, Bridge Road, Toolamba for the Lump Sum price of \$1,655,758.50 (including GST).

### 7.8 Contract 1917 Toolamba Bridge Refurbishments (continued)

#### **Contract Details**

Council invited suitably qualified, accredited and experienced contractors to carry out Refurbishments on the bridge.

Council has entered into funding agreement with VicRoads / RRV under Fixing Country Roads Round 1. Council has an obligation under funding agreement to complete the project by 30 June 2019. Negotiation of an extension to the funding milestone will be required to accommodate the tendered program of works.

#### **Tenders**

Tenders were received from:

Tenderers
D C Projects, Belmont, VIC
Timber Restorations Systems Pty Ltd, Caboolture, QLD

Timber Restorations Systems Pty Ltd failed to submit all of Schedule One – Pricing. This omission renders their tender non-conforming and cannot be accepted based on that non-conformance. Subsequently, after seeking confirmation from Procurement department, the panel did not evaluate it further.

D C Projects has flagged their tender as non-conforming on the basis of a different methodology proposed for the preparation of the bridge beams. The alternative approach was valued by the tenderer at \$200,000. This non-conformance is considered acceptable by the panel due to it being a more efficient construction methodology that is consistent with the overall project intent.

Council's contribution to the project will have to be increased by \$236,013 to meet the tendered price. Discussions with VicRoads / RRV have indicated that bridge rehabilitation costs have increased significantly across the state due to an increase in demand and limited availability of skilled tenderers.

#### **Legal/Statutory Implications**

Tender process has been carried out according to the requirements of *Section 186* of the *Local Government Act 1989*.

#### **Environmental/Sustainability Impacts**

The works are being undertaken above, in and adjacent to the Goulburn River. The tenderer has demonstrated a long track record in working on and around waterways and has provided environmental management documentation to support their proposed construction methodologies.

##### a) Greater Shepparton 2030 Strategy

Infrastructure – The provision and restructure of urban and rural infrastructure to enhance the performance of the municipality and facilitate growth.

##### b) Other strategic links

No relevant strategic links have been identified.

#### **Conclusion**

D C Projects has achieved the highest score as determined by the selection criteria. D C Projects has demonstrated a good track record in recent years delivering bridge upgrade works for Vicroads, Murrindindi Shire, Macedon Ranges Shire, Horsham Rural City Council and Strathbogie Shire. Recently, D C Projects completed the Locky's Bridge project on Riverview Road for Council.

The panel is satisfied that D C Projects has established a good performance history in the industry and is considered to have the experience, capability and resources to complete this project within the time period stipulated. Their alternative construction methodology is also considered to be acceptable and consistent with the intent of the rehabilitation works.

Therefore, it is recommended that Council accept the tender submitted by D C Projects for a total lump sum price of \$1,655,758.50 (including GST).

#### **Executive Summary**

The Greater Shepparton Women's Charter Advisory Committee (GSWCAC) was established by Greater Shepparton City Council in 2011 to promote women in leadership at all levels of decision making in Greater Shepparton. Since this time the Committee has undertaken many activities to promote women's participation. The GSWCAC would like to present its 2017/2018 Annual Report to Council for their information.

**Moved by Cr Abdullah  
Seconded by Cr Sutton**

That the Council receive and note the Women's Charter Advisory Committee's 2017/2018 Annual Report.

**CARRIED UNOPPOSED.**

#### **Background**

The Women's Charter was first launched by the Women's Participation in Local Government Coalition in 1996. The Charter's three principles of Gender Equity, Diversity and Active Citizenship are now supported by more than 60 local governments.

Greater Shepparton City Council officially endorsed its commitment to the Women's Charter in 2010 and an action plan followed. In 2011 an advisory committee was initiated and was officially endorsed by Council in February 2012. The Committee is known as the Greater Shepparton Women's Charter Advisory Committee (GSWCAC).

The aim of the GSWCAC is to support and promote women in leadership roles and all levels of decision-making, including business or workplace positions, community groups or boards of management. All of the GSWCAC's work is based around the three principles of Gender Equity, Diversity, and Active Citizenship, and is delivered through an Action Plan. In 2016/17 the GSWCAC finalised its Action Plan 2016 - 2018. The Action Plan was endorsed by Council on 20 December 2016.

The Action Plan 2016-2018 focuses on the three principles of the Women's Charter: Gender Equity, Diversity, and Active Citizenship, and is intended to guide the activities of the GSWCAC. This action plan details events, activities and key strategies employed by the Advisory Committee to achieve its outcomes.

## 8. COMMUNITY DIRECTORATE

### **8.1 Greater Shepparton Womens Charter Alliance Advisory Committee Annual Report 2017/2018 (continued)**

In the 2017/18 financial year the GSWCAC held strong membership and advertised for new members to commence during the 2018/19 financial year, the response was very successful with 12 applications received. The GSWCAC currently has approximately 252 people on its 'Friends' mailing list. A review of the Terms of Reference was undertaken in 2018, with Council endorsing the agreed Terms of Reference at the 19 June 2018 Ordinary Council Meeting.

The Council endorsed terms of reference (June 2018) allow for membership as follows:

- One Council Charter Champion
- Three Council members
- 14 community members
- Co-opted members as required (currently three)

The 2017/18 financial year began with Councillor Seema Abdullah as the Charter Champion.

In the 2017/18 financial year the GSWCAC had the following Working Groups:

- GSWCAC Award Working Group
- International Women's Day Working Group
- Budget Working Group
- Youth Public Speaking Working Group

In 2017/18 the GSWCAC (and its partners) held the following events:

- International Women's Day – 8 March 2018, approx. 300 people in attendance
- General Introduction to Gender Equity – 10 May 2018
- Gender Equity in Action – Applying a Gender Lens to Your Work – 11 May 2018
- Members were invited to attend the Location Government Women's Charter Champion Lunch in Shepparton - 31 May 2018
- Chair training – 29 June 2018

The 2018 GSWCAC Award was presented at the GSWCAC International Women's Day event. The Award nominees were acknowledged the same day at the International Women's Day Breakfast held by Soroptimists International Shepparton Inc. The 2018 GSWCAC Award recipient was Kathryn Sims.

The Advisory Committee continue to implement the actions outlined in their Action Plan 2016-2018 with the support of a Committee Support Person and a Responsible Budget Officer. The Advisory Committee is very proud of their achievements throughout 2017/18 and the positive impact the Advisory Committee has in the Greater Shepparton community, improving outcomes and opportunities for women on various levels.

#### **Executive Summary**

The Greater Shepparton Women's Charter Advisory Committee (GSWCAC) is an advisory committee of the Greater Shepparton City Council and is part of a broader network of Local Government Area (LGA) advisory committees across the state that are guided and informed by the Victorian Local Government Women's Charter. The Charter recognises the need to increase women's participation in key decision making forums in the community and in democratic governance.

As an advisory committee of Council, the Committee provides advice to Council on issues relating to the Victorian Local Government Women's Charter and its key principles, makes recommendations to encourage delivery of these, ensures there is opportunity for the women of Greater Shepparton to access information about Council and be aware of leadership opportunities with Council, as well as promoting local leadership opportunities.

A three point action plan has been developed in consultation with the committee focussing on Gender Equity, Diversity, and Active Citizenship guides the key strategic objectives of this Committee.

**Moved by Cr Abdullah**  
**Seconded by Cr Sutton**

That Council adopt the Greater Shepparton Women's Charter Advisory Committee Action Plan 2018-2021.

**CARRIED UNOPPOSED.**

#### **Background**

The Women's Charter was first launched by the Women's Participation in Local Government Coalition in 1996. The Charter's three principles of Gender Equity, Diversity and Active Citizenship are now supported by more than 60 local governments.

Greater Shepparton City Council officially endorsed its commitment to the Women's Charter in 2010 and an action plan followed. In 2011 an advisory committee was initiated and commenced with its first meeting being held on the 4 November 2011. The Committee was officially endorsed by Council on the 21 February 2012, and is known as the Greater Shepparton Women's Charter Advisory Committee (GSWCAC).

## 8. COMMUNITY DIRECTORATE

### **8.2 Greater Shepparton Women's Charter Alliance - Action Plan (continued)**

The GSWCAC is made up of community representatives and Council Officers who volunteer their time and is supported by Greater Shepparton City Council.

The aim of the GSWCAC is to support and promote women in leadership roles and all levels of decision-making, including business or workplace positions, community groups or boards of management.

Since its inception, the GSWCAC has been guided by a 3x3 action plan which outlines the key strategic objectives of the Committee. This action plan is updated on a regular basis.

The 3x3 Action Plan was first created in 2010, when the GSWCAC was first endorsed by Council. It was last reviewed in 2016. The new 3x3 Action Plan focuses on the three principles of the Women's Charter: Gender Equity, Diversity, and Active Citizenship.

The recent review took place during 2018 and the action plan was endorsed by the GSWCAC at their meeting on 17 December 2018.

#### **Background**

##### Katandra West Community Facilities Committee of Management

At the Ordinary Council Meeting held on 18 April 2017, eight applicants were appointed to the Katandra West Community Facilities Committee of Management for a term concluding 22 April 2019. One member resigned with their membership rescinded at the Ordinary Council Meeting on 21 November 2017 and two further committee members were appointed by Council on 21 November 2017 and 20 November 2018 to the existing term ending in April 2019.

Council has received eight Applications for Appointment from existing committee members. It is recommended that all applicants be appointed to a four year term concluding 23 April 2023.

Council would like to acknowledge the contribution of Debbie Bradley to the Katandra West Facilities Committee of Management.

##### Dhurringile Recreation Reserve and Community Centre Committee of Management

At the Ordinary Council Meeting held 17 July 2018 six applicants were appointed to Dhurringile Recreation Reserve and Community Centre Committee of Management.

Jodie Brisbane has submitted her resignation to Council for this Committee. The Council would like to recognise Jodie's contribution and work with the Committee of Management, and her role as the facility Bookings Officer and Committee Treasurer accept her resignation and rescind her membership accordingly.

##### Toolamba Recreation Reserve and Community Centre Committee of Management

At the Ordinary Council Meeting held 17 April 2018 eight applicants were appointed to Toolamba Recreation Reserve and Community Centre Committee of Management.

Allison Knight has submitted her resignation to Council for this Committee. The Council would like to recognise Allison's contribution and work with the Committee of Management accept her resignation and rescind her membership accordingly.

##### Interest Return Exemption

#### Council Plan/Key Strategic Activity

This proposal supports the following goals of the *Council Plan 2017-2021*:

- Leadership and Governance
  - 1.3 Council demonstrates strong leadership and sound decision making in the best interests of the community.
  - 1.7 Council advocates on issues, priorities and needs that matter to our community in partnership with key stakeholders.
  - 1.9 Service standards and service delivery models are realistic and meet community expectations and demand while being financial viable and in line with Council's core business.
- Social
  - 2.1 Our community is supported to achieve and sustain physical, emotional and spiritual health and wellbeing.
  - 2.4 Social and cultural, educational and employment opportunities are created to enable children, young people, individuals and families to actively participate in their community.
  - 2.6 Volunteering is promoted and encouraged along with other measures to improve community resilience.
  - 2.7 Public places, open space and community facilities are safe and accessible for all and presented to a high quality.
- Built
  - 4.4 Quality infrastructure is provided and maintained to acceptable standards.
  - 4.5 Assets are well managed and their renewal is being planned through long term renewal strategies.

#### Risk Management

Risks	Likelihood	Consequence	Rating	Mitigation Action
Delegation of Council powers to a committee	Possible	Major	High	The appointment and removal of members by formal resolution of Council reduces governance risks by ensuring that all members of a committee are covered by Council's public liability insurance.
Exemption of all special committees from submitting primary and ordinary returns	Possible	Major	High	Restricted powers outlined in the Instrument of Delegation and Guidelines to these committees ensures that this risk is minimal. Committees are also required to declare any conflicts of interest at the start of each committee meeting

#### Policy Considerations

## 8. COMMUNITY DIRECTORATE

### **8.3 Section 86 Special Committee Memberships (continued)**

#### **Financial Implications**

There are no financial implications arising from this report.

#### **Legal/Statutory Implications**

All of Council's Committees of Management responsible for halls, community centres and recreation reserves have been established under Section 86 of the *Local Government Act 1989* and have been issued with an Instrument of Delegation and Guidelines outlining their responsibilities.

The appointment and rescinding of memberships to Section 86 special committees by formal resolution of the Council ensures that the powers, functions and duties delegated to these committees are able to be exercised legally.

#### **Environmental/Sustainability Impacts**

There are no environmental or sustainability impacts arising from this report.

#### **Social Implications**

The appointment of community members to committees helps to build a sense of community by increasing stakeholder participation and giving community members a greater sense of pride and involvement in their local community.

#### **Economic Impacts**

There are no economic impacts arising from this report.

#### **Consultation**

A public notice was placed in the Shepparton News on 22 February and 1 March 2018 calling for applications from community members to join the Katandra West Community Facilities Committee of Management. Letters were also sent to outgoing members of the committees inviting them to apply for a further term.

The Dhurringile Recreation Reserve and Community Centre and the Toolamba Recreation Reserve and Community Centre Committees of Management have been notified that members have resigned. Further contact will be made to confirm when memberships have been rescinded.

Officers believe that appropriate consultation has occurred and the matter is now ready for Council consideration.

**Approved by: Director Community**

#### **Executive Summary**

Greater Shepparton and Aquamoves would like to formally acknowledge and honour the outstanding contribution to swimming for over 60 years by Willy O'Callaghan.

An extraordinary achievement that will never be surpassed, her contribution to the community has had an extremely positive impact on the health, wellbeing and lives of many thousands of children and adults alike

Willy O'Callaghan has herself been a swimmer competing at a high level however she is better known for her commitment to and the passion displayed as a coach, mentor and learn to swim teacher.

Ove the past 60 years Willy has been instrumental in the development and growth of the Shepparton Swimming Club, GV Masters as well Shepparton Life Saving Club which she is a life member of.

For Aquamoves, Willy's outstanding contribution has allowed our services to grow and evolve with many of her ideas forming the foundation of all that Aquamoves delivers today.

**Moved by Cr Abdullah**

**Seconded by Cr Adem**

That the Council recognise Willy O'Callaghan for her extraordinary 60 year commitment to swimming and positive impact on the Aquamoves community, by naming the Aquamoves indoor aquatic environment the "Willy O'Callaghan Pool Hall".

**CARRIED UNOPPOSED.**

The City of Greater Shepparton and Aquamoves has been extremely fortunate to have benefited from the passion, drive and commitment to swimming from the highly regarded, much loved and respected Willy O'Callaghan. Having adorned the pool decks during the past 60 years she has been a proud advocate of teaching all kids to swim while also coaching champions of the future.

## 8. COMMUNITY DIRECTORATE

### **8.4 Naming of the Aquamoves pool hall in the honour of Willy O'Callaghan (continued)**

Below is an excerpt from recent press release outlining some of her achievements.

After migrating to Australia from The Netherlands with her family at the age of four, Willy first started club swimming in Shepparton in 1959 on the recommendation of her doctor to help deal with recurrent shoulder soreness.

After a successful career as a competitive swimmer, especially in distance events and backstroke, Willy commenced coaching in 1969 and quickly began making her mark on the Shepparton sporting scene with her successful squad Willy's Wagtails.

Soon after Willy took the reins as head coach of Shepparton Swimming Club and so began one of regional sport's greatest coach-club associations that would span all but half a century before Willy's retirement as Shepparton head coach in mid-2017.

Willy was also very active with the Shepparton Life Saving Club throughout her coaching career and is a life member of both organisations.

Willy continued to coach occasional sessions for Shepparton in the season following her retirement, still provides regular one-to-one tuition to swimmers looking to take their craft to the next level and remains a cherished mentor to her head coach replacement at Shepparton, Michelle Swift.

Willy can also still be found gracing the pool-deck each Tuesday, Thursday and Saturday morning in charge of her beloved Goulburn Valley Masters Swimming Squad, better known as the GV Crocs.

"It would be almost incalculable the number of individual young people who have come under Willy O'Callaghan's tutelage over the past five decades or swam with and against her during her competitive swimming career," Phil Guthrie Shepparton Swimming Club President

#### **Council Plan/Key Strategic Activity**

Willy O'Callaghan's contribution to swimming over 60 years best supports the AQUAMOVES Business Improvement Plan vision 'To be a hub of health and wellbeing by motivating and educating our community to enjoy healthy, active, happy, and connected lives.'

#### **Risk Management**

The only risk associated with the naming of a significant public asset such as the AQUAMOVES pool hall is the reputational risk should the person after who the hall is named either has or does conduct themselves in a way to contradict the values of Council.

There is nothing that Council officers are aware of at this time that gives Council officers any concern.

#### **Policy Considerations**

There are no policy considerations associated with this report.

#### **Financial Implications**

The cost of signage will be accommodated for within existing operational budgets.

#### **Conclusion**

Willy O'Callaghan has been a passionate swimmer and teacher of the essential life skill of swimming to children in Shepparton for 60 years. Willy has been involved with both local swim clubs and the AQUAMOVES Learn to Swim over this time. Her knowledge and advice has allowed our services to grow with many of her ideas forming the foundation of all that we deliver today.

Much the same way Council names sporting grounds and reserves after those who have significantly contributed to their community it is most fitting that the aquatic environment at Aquamoves be known as the "Willy O'Callaghan Pool Hall".

The Disability Advisory Committee was formally established by resolution of Council on 11 November 2008 ensuring that there is consultation and participation mechanisms in place for people with disabilities, their families, carers, advocates and service providers to enable meaningful input into Councils service planning and policy development.

One member of the committee tendered their resignation, citing personal circumstances in recent months. As a result of the resignation a recruitment process has been undertaken to fill the vacancies that have arisen. Advertisements were placed in the Shepparton News and the Tatura Guardian on 11 January 2019 calling for nominations. A notice calling for nominations was also placed on Council's website for the same period. Nominations closed on 25 January 2019.

The terms of reference indicate that the Committee must include between five and nine members, including those with disabilities and their carer's, and in addition up to two service provider representatives appointed by resolution of the Council.

**Moved by Cr Giovanetti**  
**Seconded by Cr Adem**

That the Council:

1. Having considered nominations received for appointment to the Disability Advisory Committee, appoint the following member for a term of 2 years and 2 months commencing on 16 April 2019 and expiring on 20 June 2021:
  - Diane Baglin
2. Acknowledge and thank Kelly Barber for her valuable contribution to the Disability Advisory Committee
3. Adopt the amended Greater Shepparton Disability Advisory Committees Terms of Reference.

**CARRIED UNOPPOSED.**

## 8. COMMUNITY DIRECTORATE

### 8.5 Appointing New Members of the Greater Shepparton Disability Advisory Committee (continued)

#### **Background**

The Disability Advisory Committee was formally established by resolution of Council on 11 November 2008. The Disability Advisory Committee continues to form a strong link between Council and people living with disabilities in our community. The Disability Advisory Committee meets monthly and provides advice and recommended actions to Council, that ensure the needs of people with disabilities in our community are identified and steps taken to address the need.

The Disability Advisory Committee ensures there is a consultation and participation mechanism in place for people with disabilities, their families, carers, advocates and service providers to enable meaningful input into Councils service planning and policy development. The Disability Advisory Committee:

- Works in partnership with the community and Council towards acknowledging and valuing people with disabilities
- Informs and educates Council and the community about issues for people with disabilities, their families and carers.
- Identifies and prioritises their concerns and contribute to the planning to address these issues; and
- Provides advice and assistance to Council in achieving capital works and services that are accessible and inclusive of people with disabilities.

One of the key challenges of the Committee has been the recruitment of people with disabilities who have been able to fulfil their roles as members of the Disability Advisory Committee, on a consistent basis due to their needs associated with their disabilities.

This means it is often difficult to obtain a quorum at meetings and has seen several meetings cancelled due to low attendance, especially over colder months. It is hoped that increased membership will create opportunities for the committee to continue to function without interruption year round.

The committee has previously undergone recruitment cycles in 2012, 2015 and 2018.

#### **Council Plan/Key Strategic Activity**

The appointment of nominations to the Disability Advisory Committee is intrinsically linked to the Council Plan 2018-2021, in particular the following objectives:

- Social - Develop resilient, inclusive, healthy communities that make Greater Shepparton a safe and harmonious place to live, work, learn, and play.
- Built - Provide and support appealing relevant infrastructure that makes Greater Shepparton an attractive, liveable regional city.

#### **Risk Management**

#### **Financial Implications**

It is anticipated that the majority of actions identified in the Disability Advisory Committee will be met within existing budget allocations. Any initiatives endorsed within the action plan which require additional Council funding will be referred for consideration as part of the annual budget process.

#### **Legal/Statutory Implications**

This report is consistent with the *Local Government Act 1989* and the *Victorian Charter of Human Rights and Responsibility Act 2006*.

#### **Environmental/Sustainability Impacts**

There have been no negative environmental/sustainability impacts identified for this recommendation.

#### **Social Implications**

Appointing new community members to the Disability Advisory Committee will help build a sense of community as it raises the profile of people with disabilities.

There are many benefits to consider including:

- Sense of community – stakeholder participation for people with disabilities in our community and social cohesion.
- Community Services – improve the range and quality of services for different groups such as people with disabilities, improvement of the accessibility of services
- Community Health and well-being – accessible and inclusive recreation facilities, public safety, health services and facilities or public health implications
- Education and skills development – number and quality of education options for the community, life-long learning opportunities or meeting the needs of our local community
- Transport – access to transport options that meet the individual needs of people with disabilities living in our communities.

#### **Executive Summary**

Greater Shepparton City Council's Asset Depreciation Policy 34.POL3 was adopted at the 17 May 2016 Ordinary Council Meeting is due for review.

Depreciation is an accounting concept that reflects the allocation of the value of an asset over its estimated useful life to the Council.

The Asset Depreciation Policy has been reviewed to reflect changes previously incorporated and disclosed in the 2016/17 and 2017/18 financial statements for useful lives of concrete footpaths (including shared paths) and concrete and timber bridges.

No other changes have been proposed.

**Moved by Cr Adem**

**Seconded by Cr Oroszvary**

That the Council adopt version 2.0 of the Asset Depreciation Policy 34.POL3

**CARRIED UNOPPOSED.**

#### **Background**

The Asset Depreciation Policy 34.POL3 was adopted by Council at the 17 May 2016 Ordinary Council Meeting. This policy governs the depreciation of Council's non-current assets. Depreciation is an accounting concept that reflects the allocation of the value of an asset over its estimated useful life to the Council.

#### **Bridges – Useful lives**

Every three years Greater Shepparton City Council (GSCC) conducts formal reviews of the values and useful lives of its assets as at the end of the financial year in question.

This provides assurance to stakeholders on the asset values reported in the balance sheet (Property, infrastructure, plant and equipment under non-current assets) at the end of the financial year financial statements. The reviews also inform the depreciation rates detailed in the Asset Depreciation Policy 34.POL3.

As part of the 2017/2018 asset valuation review, GSCC implemented changes to the Useful Lives for Concrete and Timber Bridges as at 30 June 2018. The table below clarifies the changes.

## 9. CORPORATE SERVICES DIRECTORATE

### 9.1 Review of Asset Depreciation Policy 34.POL3 (continued)

Asset Class	Asset Description	Useful Life in Years	Depreciation Rate (%)
Bridges & Culverts	Concrete Bridges	Previous: 80 Current: 100	Previous: 1.25 Current: 1
Bridges & Culverts	Timber Bridges	Previous: 50 Current: 40 to 100	Previous: 2 Current: 1 to 2.5

At the start of the 2017/2018 Financial Year, GSCC's depreciation policy stated the useful life in years for Bridges to be 50 to 80 years.

Changes to the useful lives were based on a mid-2017 report by Rural Works Pty Ltd (Level 2 Bridge Condition Inspections) which suggested an increase in Road Bridges to 60 to 100 years and Pedestrian Bridges 40 to 100 years. In both cases the lower end of the range related to timber structures, the higher end related to Steel and Concrete.

The proposed useful lives were obtained from the AustRoads publication "*Remaining life of road infrastructure assets: an overview*" and expected material lifetime for timber from "*AS1720-2010 Timber Structures: Design Methods*."

Further information from GSCC's Strategic Assets Department was provided to the Executive Leadership Team (ELT) regarding the proposed change to useful lives which included comparisons of bridge useful lives with neighbouring/local councils as well as forecast condition trends of GSCC owned bridges.

The proposed changes were approved by ELT on 23 May 2018 and noted by the Audit and Risk Management Committee on 28 June 2018.

#### **Concrete Footpaths – Useful lives**

In 2016/2017, GSCC's Strategic Asset Department undertook a review of GSCC's footpath asset physical and useful lives.

The review identified that in the past decade, GSCC has improved its construction methods for concrete footpaths therefore resulting in longer asset lives. A study of footpaths in some of Shepparton's oldest estates also demonstrated longer asset lives.

Based on the findings of the review, a recommendation was approved by ELT on 31 May 2017 to increase the useful lives for concrete footpaths (including shared paths). This was also communicated to the Audit and Risk Management Committee on 7 June 2017 and 13 September 2017 and reflected in the 30 June 2017 financial statements. The table below highlights the changes.

Asset Class	Asset Description	Useful Life in Years	Depreciation Rate (%)
Footpath	Concrete	Previous: 60 Current: 70	Previous: 1.67 Current: 1.43
Shared Paths	Concrete	Previous: 65 Current: 70	Previous: 1.54 Current: 1.43

#### Risk Management

Risks	Likelihood	Consequence	Rating	Mitigation Action
That our useful life assumptions are not correct which will effect accuracy of depreciation	Likely	Moderate	Medium	Undertake programmed condition assessments and use data to analyse and update asset useful lives.

#### Policy Considerations

The recommendation to approve the Depreciation Policy does not conflict with any other Council Policy.

#### Financial Implications

By setting the useful life of assets, and the corresponding rate of depreciation will set Council's depreciation expense for those assets currently in our system. It must be taken into account that depreciation will be adjusted on an ongoing basis as a result of re-valuation of assets, as new assets are commissioned and old assets decommissioned.

#### Legal/Statutory Implications

It is not a requirement of the Local Government Act to have a Depreciation Policy. It is, however, considered to be best practice for an organisation of the size of Council to have one.

Depreciation of assets is an accounting requirement governed by the Australian Accounting Standards Board (AASB).

#### Environmental/Sustainability Impacts

There are no environmental impacts relating to this report.

#### Social Implications

There are no social implications associated with this report.

#### Economic Impacts

The economic impacts associated with this report are limited to Council, and relate to Council's annual depreciation expense which will be continually adjusted through re-valuation of assets, adjustments to asset useful lives, introduction of new assets to be depreciated, and decommissioning of old assets.

#### Consultation

Public consultation was not required for development of this policy  
 Internal consultation occurred between the Corporate Services and Infrastructure Directorates.

#### **Executive Summary**

Greater Shepparton City Council's Asset Capitalisation Policy provides guidance, clarity and consistency regarding the treatment of capital expenditure. This ensures a distinction is made between expenditure on long-lived assets and expenditure on goods and services for immediate consumption.

The Asset Capitalisation Policy was adopted on 15 March 2016. The policy was marked due for review in March 2019.

A review has been conducted with only minor changes proposed.

That the Council adopt version 2.0 of the Asset Capitalisation Policy 3.POL3

**CARRIED UNOPPOSED.**

#### **Background**

Greater Shepparton City Council's Asset Capitalisation Policy provides guidance, clarity and consistency regarding the treatment of capital expenditure. This ensures a distinction is made between expenditure on long-lived assets and expenditure on goods and services for immediate consumption.

This distinction is important for the reporting of Council's financial performance in regards to both operating and capital expenditure and therefore the preparation of Council's annual financial statements.

The capitalisation of expenditure will also influence the depreciation expense reported by Council as per the Asset Depreciation Policy 34.POL3.

The Asset Capitalisation Policy is applied to Council's Non-Current assets that are referred to in Australian Accounting Standard AASB 116 Property, Plant and Equipment.

Broadly speaking, these assets are:

- Land
- Buildings and Improvements
- Infrastructure
- Plant and Equipment
- Furniture and Equipment.

### 9.2 Review of Asset Capitalisation Policy 3.POL3 (continued)

#### **Review of Policy**

The policy was marked for review in March 2019. A review has been undertaken and only minor changes have been made which do not change the substance of the original policy.

The review period has been set at three years, however, further reviews may be conducted prior to that in consideration of changes to applicable accounting standards.

#### **Council Plan/Key Strategic Activity**

Objective 1.4 – Financial management is responsible and effective in responding to challenges and constraints with a focus on the financial sustainability of the Council.

#### **Risk Management**

Risks	Likelihood	Consequence	Rating	Mitigation Action
Incorrect measurement and recognition of new, renewed and upgraded assets	Likely	Moderate	Medium	Implementation of Adopted Policy and supporting Corporate Procedure to guide staff

#### **Policy Considerations**

There are no identified conflicts with existing Council Policies.

#### **Financial Implications**

The Council is the custodian of community assets with a replacement value of over \$1.04 billion. The policy will allow Council to apply thresholds for capitalising expenditure on non-current assets.

#### **Legal/Statutory Implications**

The Policy allows Council to comply with the Local Government Act 1989 and related regulations. It also considers the applicable Australian Accounting Standards, State Government Guidelines from the Department of Treasury and Finance and Local Government Victoria along with reports from the Victorian Auditor General's Office.

#### **Environmental/Sustainability Impacts**

#### **Council Officers involved in producing this report**

**Author:** Team Leader Management Accounting

**Proof reader(s):** Manager Finance and Rates

**Approved by:** Director Corporate Services

#### **Executive Summary**

The report presents the draft forecast financial performance for the 2018/2019 financial year compared to the Adopted Budget submitted by Responsible Managers.

### **RECOMMENDATION**

That the Council adopt the revised forecasts identified by the 2018/2019 Q3 Forecast Review.

#### **Moved by Cr Hazelman**

#### **Seconded by Cr Adem**

1. That Council adopt the revised forecasts identified by the 2018/19 Quarter 3 Forecast Review.
2. That Council receive and note the March 2019 Monthly Financial Report.

**CARRIED UNOPPOSED.**

#### **Background**

Under section 138 of the *Local Government Act 1989* the Chief Executive Officer at least every three months must ensure quarterly statements comparing the budgeted revenue and expenditure for the financial year with the actual revenue and expenditure to date are presented to the Council.

Council's actual financial performance compared to the budget is presented to Council on a monthly basis.

The 2018/2019 Budget was adopted at the Ordinary Council Meeting held 19 June 2018. The 2018/2019 Budget provided for an operating surplus of \$19.17 million with revenue of \$143.83 million and expenditure of \$124.66 million. The 2018/2019 Budget also provided for capital works of \$46.36 million.

On 16 October 2018, Council adopted the 2018/2019 Q1 Adopted Forecast with an accounting surplus of \$14.83 million which was \$4.34 million less than the 2018/2019 Adopted Budget. The capital works program of \$48.13 million was forecast to be

## 9. CORPORATE SERVICES DIRECTORATE

### 9.3 2018/2019 Q3 Forecast Review (continued)

expended during the 2018/2019 financial year which is an increase of \$1.77 million from the Adopted Budget.

On 19 February 2019, Council adopted the 2018/2019 Q2 Adopted Forecast with revenue of \$146.8 million, expenditure of \$130.08 million and an accounting surplus of \$16.72 million. The forecast increase in accounting surplus in comparison to Q1 of \$1.89 million was mainly due to \$1 million increase in Capital Monetary Contributions attributable to an increase in interest income, fuel rebates and Natural Disaster Financial Assistance. The 2018/2019 Q2 Adopted Forecast also included \$52.6 million in capital works, which was an increase of \$4.47 million from the Q1 Adopted Forecast.

The budget review process involves Managers reviewing the adopted budget for their departmental areas compared to actual income and expenditure. Managers are to update forecasts to reflect the expected year end result. The Executive then undertake a detailed review to understand and confirm forecast variations. The review is then submitted to Council for consideration.

#### **Council Plan/Key Strategic Activity**

This proposal is consistent with the strategic objective Leadership and Governance.

#### **Risk Management**

Monitoring of performance against the 2018/2019 adopted budget as well as the forecast year end position provides for prudent financial management and ensures that Council is made aware of any known or potential financial risks.

Risks	Likelihood	Consequence	Rating	Mitigation Action
Inability to achieve current budget due to income not reaching budgeted levels or costs exceeding budget exposing the Council to a cash deficit.	Likely	Moderate	Moderate	Review detailed monthly financial reports and take corrective action where forecast varies against budget.
Breaching the local Government Act by expending funds against line items without endorsed budget.	Possible	Moderate	Moderate	Undertake quarterly budget reviews to formally consider and adjust for any known variances.

#### **Policy Considerations**

There are no identified conflicts with existing Council policies.

#### **Financial Implications**

Forecast variances to the 2018/2019 Section 138 of the Local Government Act 1989 requires that at least every three months the Chief Executive Officer must ensure a statement comparing the budgeted revenue and expenditure for the financial year with the actual revenue and expenditure to date are presented to the Council. A detailed financial report is presented to the Council each month. Adopted Budget are detailed throughout the attached report.

#### **Policy Considerations**

Through the *Instrument of Delegation to the Chief Executive Officer* the Council has delegated authority to the Chief Executive Officer to award a contract up to the value of \$500,000 including GST.

The Council through the *Exercise of Delegations* Policy has delegated authority to the Director Corporate Services to approve a contract up to the value of \$500,000 and the Director Infrastructure, Director Community and Director Sustainable Development to approve a contract up to the value of \$150,000 for goods and services and \$200,000 for works.

#### **Legal/Statutory Implications**

Section 186 of the *Local Government Act 1989* (the Act) establishes the requirements for tendering and entering into contracts.

Section 186(1) of the Act requires that before Council enters into a contract for the purchase of goods or services to the value of \$150,000 or more, or for the carrying out of works to the value of \$200,000 or more, it must give public notice of the purpose of the

#### **Executive Summary**

Greater Shepparton City Council aims to celebrate the local community and our diverse region through a range of major and community events each year. The various events supported by Council include sporting, cultural, commemorative, festive as well as annual community events.

The purpose of the Event Grants program is to provide financial assistance as well as marketing support to groups who are organising events within the Greater Shepparton municipality.

The total amount of funding allocated to the Small and Large Events Program is \$45,000 for the 2018/2019 financial year. This amount is split into two rounds.

Small Events can be funded from \$500 up to \$2,000 and Large Events can be funded from \$2,000 up to \$5,000.

Round Two of the Small and Large Events Grants 2018/2019 opened on 1 November 2018 and closed on 4 February 2019 with a total of twelve (one was a double up) applications received.

Based on the Grant Policy and approved guidelines, eleven of these applications were assessed by an internal assessment panel which is made up of three officers from within Council. For this round it is recommended that the eleven respective events are funded a total of \$10,500 (GST Excl.). All of the recommended events meet the eligibility requirements and adhere to the objectives of the Events Grant Program.

**Moved by Cr Oroszvary  
Seconded by Cr Abdullah**

That the Council adopt the recommendation of the Grants Assessment Panel to fund 11 events as detailed below to the total value of \$11,200 (including GST) representing Round Two of the 2018/2019 Events Grants Program:

#### **Background**

Greater Shepparton City Council has provided two types of events grant funding to community groups for over a decade. The event funding is only available to not-for-profit organisations or organisations that have successfully obtained an auspice. Organisations that have previously been funded by Council and failed to comply with their financial and acquittal requirements will not be funded under the current guidelines.

The Events Grants applications are assessed in two rounds annually.

A total of eleven applications were received in the Small and Large Events Grants Round 2 (2018/19).

A cross department assessment panel has been formed to ensure there is a variety of backgrounds and knowledge which improves the assessment of applications.

The community is encouraged to seek alternative streams of funding to ensure that events are sustainable and viable. Information sessions are hosted by Council each year to educate locals in regards to the funding opportunities that are available.

#### Small and Large Events Grant

The Large Events grant category applies to requests of \$2,000-\$5,000 for not-for-profit event organisers and community groups. The Small Event grant category applies to requests of \$500-\$2,000 for not-for-profit event organisers and community groups. Small and Large Event applications must address the following key selection criteria:

- Background of the organisation/club
- Background of the proposed event
- Event criteria
- Economic impact
- Social benefit
- Environmental impact
- Event budget
- Greater Shepparton City Council recognition
- Post event evaluation

### 10.1 Major and Minor Events Grants - Round Two 2018-2019 (continued)

#### **Legal/Statutory Implications**

All events grants applicants must comply with planning, building and health legislative and statutory requirements prior to commencement of events and/or release of the Council's funds.

#### **Environmental/Sustainability Impacts**

The approval of the recommendation stated above will not have a negative impact on the environment.

#### **Social Implications**

Events sponsored by Council are aimed at increasing opportunities for the community to come together as a whole, fostering community pride and esteem.

#### **Economic Impacts**

Events funded by Council have in the past resulted in increased visitation and an increase in overnight stays with participants of the events, organisers, families spending more time in the Greater Shepparton region over the course of events. Retail stores, local speciality stores as well as cafes and restaurants have also reported a positive economic impact during these events

#### **Consultation**

The Grants Working Group have successfully organised community information evenings and workshops to educate and inform the public regarding what Council grants are available as well as how to write and submit an online application. There are a number of Grants Administrators throughout Council who are available to answer and meet with members of the community to discuss future applications and events

Level of public participation	Promises to the public/stakeholders	Examples of techniques to use

### 10.2 Greater Shepparton Business Centre Tenancy Policy

#### **Disclosures of conflicts of interest in relation to advice provided in this report**

Under section 80C of the *Local Government Act 1989* officers and persons engaged under a contract providing advice to Council must disclose any conflicts of interests, including the type and nature of interest.

No Council officers or contractors who have provided advice in relation to this report have declared a conflict of interest regarding the matter under consideration.

#### **Council Officers involved in producing this report**

**Author: Business Development Coordinator**

Manager Economic Development**

**Approved by: Director Sustainable Development**

#### **Executive Summary**

The Greater Shepparton Business Centre (GSBC) is committed to helping new and start-up businesses develop and grow within a supportive environment. The GSBC offers subsidised rental fees for office space and light industrial sheds, small business mentoring support and networking opportunities.

The GSBC also aims to facilitate business growth in the Greater Shepparton region by providing low cost workshops and training for small businesses in the municipality and casual hire meeting and conference room facilities.

Over the last 2-3 years the GSBC has witnessed remarkable growth in tenancy and casual hire activity. The GSBC is currently over 75% occupied with 4 businesses occupying the 6 available light commercial sheds, 13 businesses occupying the 16 available office suites and 8 virtual tenants. The tenancy mix currently comprises 53% incubator and 47% established tenants.

The proposed Tenancy Policy provides a broad overview of the tenancy options that are available at the Greater Shepparton Business Centre and outlines how an application for tenancy is assessed using consistent and transparent criteria. A set of Tenancy Guidelines have been developed to accompany the Tenancy Policy and provide further detail around Incubator, Established Businesses and Virtual tenancy as well as more general tenancy information, Rental Arrears, Related Policies, Directives and Legislation. The Tenancy Policy complies with strategies and actions outlined within the Council Plan 2017-2021 and the Economic Development, Tourism and Major Events Strategy 2017-2021. The GSBC operates as a highly effective facility that assists to grow and develop local businesses creating employment opportunities and helping to build a thriving resilient economy.

The Tenancy Policy has been developed and is now being presented to Council for endorsement.

**Moved by Cr Adem**

**Seconded by Cr Hazelman**

That the Council adopt the Greater Shepparton Business Centre Tenancy Policy.

**CARRIED UNOPPOSED.**

## 10. SUSTAINABLE DEVELOPMENT DIRECTORATE

### **10.2 Greater Shepparton Business Centre Tenancy Policy (continued)**

#### **Background**

The GSBC receives a wide range of applications from new and emerging businesses with aspirations of taking up tenancy at the GSBC. The policy provides clear direction on the entry criteria allowing the incubator function of the GSBC to be fulfilled without prejudice. The policy also provides the criteria for tenant entry and exit with guidelines for the various categories of tenancy.

The GSBC has been utilising a Tenancy Policy for many years however the document has never been adopted by Council. This document has now been updated and a set of guidelines have been developed to ensure that the centre conforms to industry best practice and supports the primary function of the GSBC as an incubator for new business start-ups.

As outlined in the Tenancy Policy the GSBC has three categories of tenancy that are described as follows:

- a) Incubator - available for up to 3 years, to assist new and emerging businesses to become established and profitable;
- b) Established - available for a 12 month period to assist an existing business whilst a local commercial property is sourced;
- c) Virtual - available to assist new, establishing and existing businesses requiring access to an office space once per week during office hours.

A set of guidelines have been developed to accompany the Tenancy Policy and include further information pertaining to tenancy fees, rental arrears and general tenancy information for each category of tenancy, including references to related policies, directives and legislation.

#### **Council Plan/Key Strategic Activity**

This policy supports the following actions in the Council Plan 2017-2020:

Economic – Build a thriving, resilient economy where Greater Shepparton is recognised as a competitive place to invest and grow business.

**3.1** – The Greater Shepparton Economy is prosperous, high value and a focus of choice for business, investment and employment.

**3.2** – Strong global, national and local business connections are developed and nurtured.

#### **Risk Management**

The endorsement of the Tenancy Policy will ensure consistency and transparency for businesses considering tenancy at the GSBC. Businesses will be able to utilise this document as well as the Tenancy Guidelines to determine eligibility criteria, to understand the types of tenancies available and the general terms and conditions around tenancy. Businesses will be asked to sign a licence agreement that clearly outlines the rental arrears procedure and their requirements as a tenant, resulting in a reduced risk to Council and a better long and short term planning tool for their business.

				businesses sign prior to commencing tenancy Council Officers to monitor the payment of invoices closely.
A business refuses to vacate the GSBC at the end of the term of their agreement	Possible	Moderate	Medium	Council Officers can refer businesses to the terms of the Licence Agreement and Tenancy Guidelines. Established businesses will have their licence fees increased by 25% after the initial 12 month agreement to encourage the business to consider commercial options.
Business practices of tenants are not considered acceptable resulting in a bad reputation for Council	Possible	Moderate	Medium	Council Officers should discuss this with tenants immediately and if required utilise the Policy, Tenancy Guidelines or terms in the Licence Agreement to terminate the agreement.

#### Policy Considerations

Other policies, directives and legislation have been considered when developing this policy. The endorsement of the Tenancy Policy does not conflict with any other existing Council policies.

#### Financial Implications

Established Tenants will incur a 25% increase in fees each year if they are permitted to remain at the GSBC after the initial term of tenancy, which will improve the financial position of the GSBC and make it more sustainable. A rental arrears procedure has also been included in the Licence Agreement that businesses must sign prior to commencing tenancy.

#### Legal/Statutory Implications

The GSBC has been utilising a Tenancy Policy for many years however this document have never been adopted by Council. It has now been updated and a set of guidelines have been developed to ensure that the facility conforms to industry best practice and to support the primary function of the GSBC as an incubator for new business start-ups.

#### Environmental/Sustainability Impacts

Council will consider environmentally focused businesses favourably, and encourage environmentally sustainable practices

## 10. SUSTAINABLE DEVELOPMENT DIRECTORATE

### **10.2 Greater Shepparton Business Centre Tenancy Policy (continued)**

#### **Social Implications**

Endorsement of this policy will be a public demonstration of Council's support to fostering the needs of small business, particularly new start-up businesses as a priority of the GSBC.

Tenants will be provided with many opportunities to develop and grow their business skills and knowledge by participating in the workshops and seminars that are offered by the GSBC. All tenants are also provided with a free business mentoring session to assist with any issues that they might be experiencing with their business.

#### **Economic Impacts**

The Tenancy Policy is aimed at stimulating the growth and development of new business in the region and to fulfil one of Council's key strategic activities to build a thriving, resilient economy where Greater Shepparton is recognised as a competitive place to invest and grow business. As businesses grow so do the opportunities for job creation.

The changes that have been made to the licence fees for Established Tenants will encourage these businesses to vacate the facility after their initial 12 month term and to consider alternative commercial options within Greater Shepparton which will in turn aim to reduce the vacancy rate of commercial premises, particularly in the CBD.

#### **Consultation**

Consultation was undertaken with other business centres such as the Brunswick Business Incubator and the Ballarat Business Centre to determine best practice and to ensure that the criteria for entry into the GSBC were documented in a way that encourages consistency and transparency.

Internal departments such as Governance, Risk and Finance were also consulted when developing the Tenancy Policy and Licence Agreements.

#### **Strategic Links**

##### **a) Council Plan 2017-2021**

**3.1** – The Greater Shepparton Economy is prosperous, high value and a focus of choice for business, investment and employment.

**3.2** – Strong global, national and local business connections are developed and nurtured.

##### **b) Economic Develop Tourism and Major Events Strategy 2017-2021**

**31** – Encourage better utilisation and awareness of the Greater Shepparton Business Centre as a location for entrepreneurs and start-up businesses.

#### **Conclusion**

The GSBC has been utilising a Tenancy Policy for many years however this document has never been adopted by Council. It has now been updated and a set of guidelines have been developed to ensure that the facility conforms to industry best practice and to support the primary function of the GSBC as an incubator for new business start-ups.

Greater Shepparton's heritage places, cultural landscapes, and objects are protected and conserved for future generations.

#### **Risk Management**

There are minimal risks associated with the consideration of the 2018 Annual Report.

#### **Policy Considerations**

The consideration of the 2018 Annual Report does not conflict with existing Council policies.

#### **Financial Implications**

There are no costs associated with the consideration of the 2018 Annual Report.

The Committee has an annual budget allocation of approximately \$2,000 to support its operation. A budget request for \$2,000 has been included in the 2019/2020 Draft Budget to meet the operating costs of the Committee in the 2019/2020 financial year.

#### **Legal/Statutory Implications**

The Heritage Advisory Committee is not a Section 86 Committee under the *Local Government Act 1989*.

There are no legal or statutory implications associated with the consideration of the 2018 Annual Report.

The preparation of the 2018 Annual Report accords with the *Victorian Charter of Human Rights and Responsibilities Act 2006* and *Local Government Act 1989*. No human rights were negatively impacted upon through the preparation of the 2018 Annual Report.

The consideration of the 2018 Annual Report is unlikely to impact upon the rights of all individuals and groups with regard to freedom of expression, the right to be heard, or entitlement to participate in public life and property rights.

#### **Environmental/Sustainability Impacts**

There are no environmental or sustainability impacts associated with the consideration of the 2018 Annual Report.

#### **Social Implications**

There are no direct social impacts associated with the consideration of the 2018 Annual Report.

## 10. SUSTAINABLE DEVELOPMENT DIRECTORATE

### **10.3 Greater Shepparton Heritage Advisory Committee Annual Report 2018 (continued)**

### 10.4 Community Sustainability Grant Round Two - 2018/2019 (continued)

#### **Background**

The Sustainability Grants are designed to support the development and implementation of sustainable projects and events, which will contribute to achieving sustainability related actions within the Environmental Sustainability Strategy. For the 2018/2019 grants round the Sustainability and Environment team have partnered with the Waste team to fund sustainable or waste reduction projects. The Waste team are contributing \$5,000 to the grants program and Sustainability and Environment contributing \$15,000 making a total of \$20,000 available. Grants are available for up to \$2,000 per application

The intention of the funding is to facilitate projects which achieve some or all of the following objectives:

1. Encourage and support businesses, industry and the general community to reduce energy costs and greenhouse gas emissions to mitigate the impacts of climate change
2. Increase the energy efficiency of existing and new residential and commercial buildings across the municipality
3. Raise community awareness of the relevance of climate change, the impacts it will have on our environment and way of life, and the opportunities it will present
4. Encourage participation in sustainability activities and events
5. Enable community members to acquire or develop new skills in relation to Sustainability
6. Increase recycling at public events or community spaces
7. Divert waste from landfill
8. Increase community awareness on waste minimisation and correct waste disposal
9. Enable community members to acquire or develop new skills in relation to sustainability.

This round of Community Sustainability Grants has been promoted through the Council's external website, social media and a media release. In addition, eight Grants drop in sessions were held between November and January. The internal Grants Working Group facilitated by the Grants Coordinator continues to collaborate to improve access for community organisations across the different grant programs within Council.

The grant opened on 1 November 2018 and closed on 4 February 2019 with a total of six applications being received. Grants were submitted via the online application process, SmartyGrants. Six applications were received with a total value of \$11,700.00 excluding GST.

Through the assessment process the panel has recommended four projects be funded. The panel agree that these projects will be a worthy investment into the community to achieve the objectives, and assist the community in raising awareness about sustainability and climate change. All of the recommended projects meet eligibility requirements and all aim to implement sustainability projects within the community.

Two projects did not meet the grant objectives or eligibility requirements, the panel recommended they not be funded.

#### **Council Plan/Key Strategic Activity**

Council Plan 2017-2021

Social Objectives:

- 2.2 Our community is supported to achieve and sustain physical, emotional and spiritual health and wellbeing.
- 2.3 Lifelong learning is valued and fostered in our community.
- 2.6 Volunteering is promoted and encouraged along with other measures to improve community resilience.
- Environment Objectives:

## 10. SUSTAINABLE DEVELOPMENT DIRECTORATE

### 10.4 Community Sustainability Grant Round Two - 2018/2019 (continued)

- 5.3 Waste is managed in a sustainable way that is environmentally friendly, reliable and sustainable for future generations.
- 5.4 Council has positioned itself to be a leader in building Greater Shepparton's response to climate change issues, in partnership with key stakeholders.
- 5.5 Alternative energy sources with both environmental and economic gains are promoted and encouraged.

#### **Risk Management**

Insignificant to low risks have been identified and will be addressed at the operational level. All grantees will be required to consult fully with Council representatives prior to, and during their projects to identify any potential adverse consequences, and to devise a strategy to minimise any risks. Applicants have been asked to confirm that they have the necessary public liability insurances for projects where activities are being undertaken by the Grantees themselves. This will be confirmed prior to the release of any funds. The risk of conflict of interest to the Review panel members has been addressed with the inclusion of a Conflict of Interest Declaration on the Grant Assessment Form.

#### **Policy Considerations**

Approval of the Community Sustainability Grant recommendations supports existing Council policies.

#### **Financial Implications**

Council has committed \$20,000 for the 2018/2019 financial year for the community sustainability grant program. Round 1 of the 2018/2019 grant did not attract any applications. It is recommended that \$7,800 is approved for four projects in round two of the 2018/2019 program.

associated projects which will have a positive impact on the improvement of sustainability with the community.

#### **Social Implications**

The applications received this Round demonstrate the significant value of local volunteers and community organisations who contribute to the social connectedness of the Greater Shepparton community. There are projects that will engage the community to be involved in the projects and therefore have a positive social impact.

#### **Economic Impacts**

Grant allocations this round will contribute to community organisations being able to provide community events and opportunities. This will promote local business and have a positive effect on the local economy.

#### **Consultation**

- 2. Healthy, productive and sustainable water resources
- 2.5 Partner with, support and empower our community to achieve healthy, productive and sustainable water resources.
- 3. Using our resources wisely – climate change and energy efficiency
- 3.1 Reduce council's greenhouse gas emissions and the financial costs of council's energy use.
- 3.2 Ensure that council is prepared for the impacts and opportunities presented by climate change.
- 3.4 Increase the energy efficiency of existing and new residential and commercial buildings across the municipality.
- 3.5 Council supports our businesses, industries, and residents to live more efficiently and sustainably.
- 3.7 Advocate and maximise partnership opportunities to reduce Council and community greenhouse gas emissions and respond to the opportunities and challenges of climate change.
- Waste Management Strategy 2013-2023
- Education Programs
- Ensure there is a strong focus on community behaviour change and link this to initiatives that set a strong community recycling target
- Continue consulting with the community on its attitudes towards Council's waste minimisation
- Continue to engage in and encourage broader community and business participation in education programs facilitated by partner agencies such as Goulburn GV, Sustainability Victoria and the Victorian Litter Action Alliance
- Investigate opportunities to support or promote networks that connect the community and also businesses with each other that may support improved waste management outcomes (ie forums, business functions, swap meets etc)

#### **Conclusion**

The applications for funding through the Community Sustainability Grants 2018/2019 have been reviewed by an internal Grant Review Panel in line with Council's Grant Distribution Policy and have recommended four projects be funded. All of these projects meet eligibility requirements and all aim to build or strengthen sustainability in the Greater Shepparton community. Officers recommend these applications be adopted to ensure that Council takes advantage of the community's commitment to the projects listed.

#### **Executive Summary**

Council's New Business Grant provides funding for infrastructure or initiatives that support the establishment of new businesses in Greater Shepparton.

Council have received and assessed two applications that are recommended for funding.

Council officers have recommended awarding funding to two projects to a total value of \$19,250 (Including GST).

The two recommended applicants are; Shepparton Brewery and Melrose Pty Ltd (Italian Restaurant). Both applicants have applied for funding for works associated with establishing restaurants within the Shepparton CBD.

#### **Moved by Cr Giovanetti**

#### **Seconded by Cr Sutton**

That Council approves the grant assessment panel's recommendation to fund the following two projects under the New Business Grant Program:

1. Shepparton Brewery to receive \$11,000 (Including GST) and
2. Melrose Pty Ltd (Italian Restaurant) to receive \$8,250 (Including GST)

**CARRIED UNOPPOSED.**

#### **Background**

In 2017 Council resolved to establish the New Business Grant as an initiative to assist in the establishment of new businesses within the municipality.

Council adopted a set of guidelines for the Grant that outlined the strategic purpose and functionality of the grant program. The guidelines outline that grant funding be used for infrastructure or property works that assist in the establishment of a new business.

The grant has a total annual budget of \$30,000 (GST exclusive) with applicants able to apply for a maximum of \$10,000 with a one-to-one dollar matching investment. The grant is open year-round and officers assess applications as they are received. Recently, officers have assessed two applications for funding from two local businesses, Shepparton Brewery and Melrose Pty Ltd (Italian Restaurant).

## 10. SUSTAINABLE DEVELOPMENT DIRECTORATE

### 10.5 New Business Grant Applications (continued)

Through their assessment the internal panel made up of Council officers have recommended awarding grant funding to the two applicants for the following projects.

Organisation	<b>Shepparton Brewery</b>		
Project	Fit-Out – 15 Edward Street Shepparton		
Short project description	'This grant will help us to put in roller doors at the back and front of the building. The front will help with street appeal and the back will help with deliveries and open up to a beer garden out the back'		
Requested Council Contribution	\$10,000	Total Project Investment	\$300,000
Recommended Contribution	\$10,000 (excl GST)		
Recommendation from the Assessment panel	Based on the scale of works, suitability of business within local market, economic impact, tourism potential and the creation of jobs, it is recommended that Council proceed with issuing funds to support this investment.		

Organisation	<b>Melrose Pty Ltd (Italian Restaurant)</b>		
Project	Fit-Out – 13-15 Fraser St Shepparton		
Short project description	Grant will cover part of the costs associated with the construction of two bars within the restaurant		
Requested Council Contribution	\$10,000	Total Project Investment	\$280,000
Recommended Contribution	\$7,500 (excl GST)		
Recommendation from the Assessment panel	Based on the scale of works, suitability of business within local market, economic impact, tourism potential and the creation of jobs, it is recommended that Council proceed with issuing funds to support this investment.		

It should be noted that Council does not fund projects retrospectively and it is Council's understanding that the works outlined within the table above have not been carried out. If the works have been undertaken, funds will not be issued to the applicant.

In line with the guidelines for the New Business Grant the assessment process takes into account:

- the scale of the works proposed in the application
- the suitability of the business to the local market
- the economic impact of the investment
- new employment opportunities
- use of local suppliers
- lease tenure of applicant

The recommended funding amounts have been developed through the applicant's satisfaction of the above assessment criteria.

## 10. SUSTAINABLE DEVELOPMENT DIRECTORATE

### 10.5 New Business Grant Applications (continued)

If the above grants are approved, the grant program will have \$12,500 (Excluding GST) remaining within the budget for 2018/19.

#### **Council Plan/Key Strategic Activity**

3.1 Develop and implement a strategy which identifies resources needed to attract new business and industry to Greater Shepparton as well as retaining our existing business and industry.

#### **Risk Management**

Risks	Likelihood	Consequence	Rating	Mitigation Action
Funding is used inappropriately	Unlikely	Minor	Low	Successful applicants must provide an itemised budget and enter into a funding agreement with Council. No funds are paid until satisfactory completion of activity. Applicants must also supply a full financial acquittal at the end of the project.
Works are non-compliant	Possible	Moderate	Moderate	All relevant planning and building approvals must be obtained and submitted prior to approval of grant application.
Grant funding does not achieve outcome	Possible	Moderate	Moderate	Applicants must supply a business plan and demonstrate the viability of their business. Applications will be assessed according to their capacity to deliver positive economic outcomes.

#### **Policy Considerations**

The New Business Grant is a recommended action within the Economic Development, Tourism and Major Events Strategy 2017-2021. This Strategy was adopted by Council in March 2017.

#### **Financial Implications**

The recommendation awards \$19,250 (GST incl.) in total for the two successful applications.

The total annual budget for the New Business Grant is \$30,000.

If the recommendation is approved there would be \$12,500 (excluding GST) remaining in the grant budget for the 2018/19 financial year.
