2019/2020 Q2 Forecast Review Executive Summary

INCOME STATEMENT

The Q2 Forecast Review projects an Accounting Surplus of \$23.96m (up \$673k or 2.9% from the Q1 Adopted Forecast).

The increased forecast surplus is largely due to a \$1.75m increase in Capital Grants for Balaclava/Verney/Dookie intersection. This increase, however, does not impact the Adjusted Operating Result which is \$518k worse off than Q1 Adopted Forecast largely due to a write off of previous year capital works in progress that were not expended on Council owned assets (\$1.12m).

BALANCE SHEET

The Q2 Forecast Review ending Working Capital (Current Assets as a percentage of Current Liabilities) is projected to be 169% compared to 144% in the 2019/2020 Adopted Budget.

CASH FLOW STATEMENT

The Q2 Forecast Review ending cash balance remains steady at \$5.71m.

The Loans and Borrowings indicator (Total loans and borrowings as a percentage of rates) for the Q2 Forecast Review has remained steady at 19.4%.

CAPITAL WORKS STATEMENT

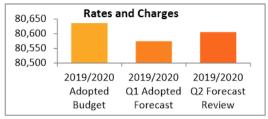

Renewal expenditure as a percentage of Depreciation Expense at the Q2 Forecast Review is 71% compared to 72% at the Q1 Adopted Forecast

The surplus has been adjusted to reflect the true operating result by removing items that do not fund Council operations. Capital income including non-recurrent grants, contributions and other capital income is used to fund the capital works program, while contributed assets and the net loss on disposal of assets are non-cash items.

Operating Revenue

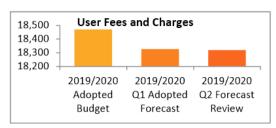

Rates & Charges

Rates and Charges has increased by \$32k (0.04%) since Q1 Adopted Forecast. This favourable variance is due to additional income from supplementary rates.

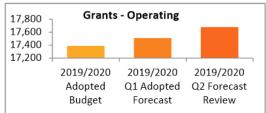

Statutory Fees and Fines

Statutory Fees and Fines has increased by \$271k (8.5%) since Q1 Adopted Forecast. This favourable variance is mostly due to the introduction of new Swimming Pool registration fees introduced by new State Government legislation (\$250k). This favourable variance is also impacted by town planning fees trending higher than anticipated (\$20k).

User Fees and Charges

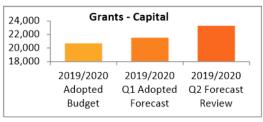

User fees and charges has decreased by \$7k (0.04%) since Q1 Adopted Forecast. This unfavourable variance is impacted by decreases in Aquamoves membership income resulting in changes to staff membership policies (\$40k) and decreases in hiring activity at Eastbank (\$50k). These unfavourable variances are partially offset by increased Building income which is trending higher than anticipated (\$50k) and increases in the utilisation of Westside Performing arts centre (\$20k).

Grants - Operating

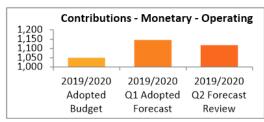

Operating Grants has increased by \$168k (1%) since Q1 Adopted Forecast. This favourable variance is mostly due to additional Building Better Regions funding for the BMX events in February (\$145k). Additional grant funding also received for Maternal and Child Health (\$87k), Gender Equity Program (\$60k) and Senior Citizens Centre (\$11k). These favourable variances are partially offset by decreases in grant funding for Commonwealth Home Support Programs (\$52k), Early Childhood Education (\$27k) and Shepparton Art Museum (\$15k). Variance is also impacted by the movement of grant funding for E-Waste Sheds at Council's resource recovery centres from operating to capital.

Greater Shepparton City Council 2019/2020 Q2 Forecast Review

Grants - Capital

Capital Grants has increased by \$1.75m (8.1%) since Q1 Adopted Forecast. This favourable variance is mostly due to additional grant funding from the Shepparton Alternate Route Scheme (\$1.25m) and Fixing Country Roads funding (\$1.08m) for the Balaclava/Verney/Dookie Intersection works. Grant funding for E-Waste sheds at Shepparton and Ardmona Resource Recovery Centres that has been moved from operating to capital (\$100k). These favourable variances are partially offset by reductions in grant income caused by the early receipt of funds in the 2018/2019 financial year for Aquamoves - 50m Pool Heating (\$225k), Youth SPOTS (\$225k), and Princess Park Master Plan Implementation (\$225k).

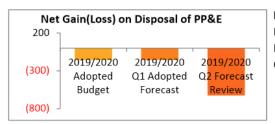

Contributions - Monetary - Operating

Operating monetary contributions has decreased by \$28k (2.5%) since Q1 Adopted Forecast. This unfavourable variance is mostly due to the early receipt of the William Buckland Foundation funding for the Shepparton Art Museum in the 2018/2019 financial year (\$50k). Smaller amounts of additional contributions have also impacted this variance including Arboriculture Services, Risk and Insurance, Project Management Office, Marketing and Communications, and Environmental Operations.

Contributions - Monetary - Capital

Capital Monetary Contributions has decreased by \$102k (2.7%) since Q1 Adopted Forecast. This unfavourable variance is mostly due to a reduction in developer contributions for the Mooroopna West Growth Corridor and Marlboro drive developments (\$197k). This unfavourable variance is partially offset by additional contributions for the Mooroopna War Memorial (\$68k), Shepparton Art Museum Acquisitions (\$23k) and Footpath Missing Links (\$5k).

Net gain/(loss) on disposal of property, infrastructure, plant and equipment

Net loss on disposal of property, infrastructure, plant and equipment has increased by \$471k (304%) since Q1 Adopted Forecast. This unfavourable variance is mostly due to the write off of assets which have been sold or are no longer on Council's asset register.

Greater Shepparton City Council 2019/2020 Q2 Forecast Review

Other Income

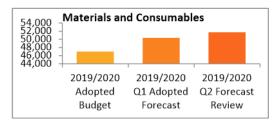

Other income has increased by \$362k (16.3%) since Q1 Adopted Forecast. This favourable variance is mostly due to additional income from fuel rebates (\$110k), and BMX events (\$80k). Increases in Parks Services for median strip maintenance (\$32k) and for the Australian Botanical Gardens (\$39k) also impact this favourable variance. Council Resource Recovery centres additional income from cardboard recycling (\$18k), and sponsorship from Go Tafe for Word and Mouth (\$5k) also add to this variance.

Operating Expense

Employee Costs

Employee Costs has decreased by \$3k (0.01%) since Q1 Adopted Forecast. This favourable variance is impacted by savings from staff vacancies (\$154k) which are partially covered by additional casual expense (\$93k). Additional WorkCover insurance expense (\$58k) also offsets part of the staff vacancy savings.

Materials and Consumables

Materials and Consumables has increased by \$1.35m (2.7%) since Q1 Adopted Forecast. This unfavourable variance is mostly due to the write off of previous year capital works that were not expended on Council owned assets (\$1.12m) and the 'Free Tip' days at Council's Resource Recovery Centres in January (\$351k). This unfavourable variance is also impacted by additional expenditure for BMX events in February (\$169k) partially offset by Building Better Regions grant funding (\$145k), the use of external labour to cover staff vacancies in the Building area (\$126k), and the reintroduction of the Challenge Shepparton Triathlon (\$70k). This unfavourable variance is partially offset by savings at Cosgrove landfill resulting from the movement of Cosgrove 2 rehabilitation works (\$379k) and implementation of the Tarpomatic system (\$150k) into the 2020/2021 financial year. The unfavourable variance is also partially offset by the rebudget of Ford Rd/Wanganui Rd Landscaping works into future financial years due to delays with the land acquisition (\$250k) and the rebudget of Hawkins/GV Highway Intersection detailed design works into 2020/2021 (\$335k).

Greater Shepparton City Council 2019/2020 Q2 Forecast Review

Bad and Doubtful Debts

Bad and Doubtful Debts had decreased by \$44k (20.4%) since Q1 Adopted Forecast. This favourable variance is mostly due to bad debts being written off to the provision for doubtful debts.
