- State-wide political issues affecting local government
- Contentious local issues that impact the community that do not relate directly to the business of Council but to the representation of the community
- Issues pertaining to policy and Council decisions
- Issues relating to the strategic direction of the Council

The Mayor may nominate another Councillor to make official comment on behalf of the Council, where appropriate, for example, when that Councillor is a member of a Committee and has knowledge of the topic. The Deputy Mayor will act as the principal spokesperson in the absence or unavailability of the Mayor.

Councillors are entitled to express personal views through the media however such comments are to be clearly communicated as a personal view and cannot be seen to represent the position of the Council.

Where an issue is before the Council, individual Councillors can speak publicly to encourage community involvement, feedback and participation in the decision making process as long as they clearly state these views are their own and not those of Council. Councillors need to ensure they do not give the impression that a decision has been made before it goes to a Council Meeting.
